---

After speaking with some neighbors that are affected by this development, we have some items we wish to be addressed at the December 16 meeting.

1. Barrier: we believe this development company should install a fence barrier around this property. Since roads will be adjacent to our private properties, we feel a TALL fence to help keep the car lights out of our windows is a reasonable request.
2. We would like them to address the home ownership/rental property percentages for this development.

Please add these questions to the agenda for December 16.

Thank you.

Also, I can't find this meeting on the website. Nothing is listed yet.
