\$15,000 -- YOUTH IMPLEMENTATION TEAM (ONE LOVE LOUISVILLE)

Youth ages 13 to 21 who meet regularly to provide input, feedback and guidance to violence reduction efforts. These youth give their time and talent and have, to this point, not been compensated for their work. These youth will earn stipends for their work in the community, and serve as resources for youth-led projects.

\$16,200 -- CARDINAL SUCCESS PROGRAM (THERAPEUTIC SUPPORT)

Cardinal Success connects kids with resources for counseling and therapeutic support while incarcerated; also allows the family to receive assistance through the program once the young person is released and integrated back into their community.

OSHN: \$234,200

\$120,000 -- STAFFING

Measure for Success:

- Risk factors identified and mitigated in high-risk individuals
- Resources distributed/contacts made
- Individuals connected to opportunities

\$15,000 -- YOUTH IMPLEMENTATION TEAM (ONE LOVE LOUISVILLE)

Measure for Success

- Number of youth engaged
- Youth projects completed
- Gains in knowledge and skills

\$16,200 -- CARDINAL SUCCESS PROGRAM (THERAPEUTIC SUPPORT)

Measure for Success

- Reductions in trauma symptoms of youth
- Resources for family systems
- Progress towards treatment goals

OSHN: \$234,200

\$83,000 -- CURE VIOLENCE

The **Cure Violence Health Model** is a proven and cutting-edge disease control method to reduce violence. Carefully selected members of the community — trusted insiders — are trained to anticipate where violence may occur and intervene before it erupts. The community is engaged to change behavior and recognize that violence is unacceptable; and there are other solutions to conflict.

Site Visit Feb 21st through Feb 23rd

- Provided Cure Violence 101 Training to Community Partners
- Met with LMPD and partners to review local data
- Met with Dr. Eddie Woods and No More Red Dots to understand current work and methodology
- Developing site visit report that will include recommendations for moving forward
- [Video clip](#)

OSH: \$234,200

\$83,000 – CURE VIOLENCE: ESSENTIAL ELEMENTS

- Trained violence interrupters and outreach workers prevent shootings by identifying and mediating potentially lethal conflicts in the community.
- Trained, culturally-appropriate outreach workers connect with high-risk and high-need youth. The idea is to deescalate tensions and prevent retaliation.
- Workers engage leaders in the community as well as community residents, local business owners, faith leaders, service providers, and the high risk, conveying the message that violence should not be viewed as normal but as a behavior that can be changed.

URBAN LEAGUE: \$220,000

\$150,000 -- NO MORE RED DOTS/INTERRUPTERS

The identified neighborhoods will have an NMRD team that will be established to engage the hardest to reach youth where they live. We will be armed with jobs, relevant programs and assistance that mean something to the community. Our focus will be multifaceted. Staff work 5 hrs/day, \$15-17/hr – coverage 1pm – 1am.

\$20,000 -- ZONES 100 (ZONES OF HOPE)

Zones of Hope (ZOH) is a comprehensive neighborhood-based initiative designed to change the odds for black men and boys in Louisville by reinvigorating the community and by ensuring that practices, policies and programs support and deliver more equitable outcomes. Better outcomes for black men and boys will lead to better conditions for families and neighborhoods. ZOH focuses on black men and boys 16 through 27 years of age, along with their families and communities in five Louisville neighborhoods: California, Newburg, Russell, Parkland and Shawnee.

MEASURES OF SUCCESS

RISK AND PROTECTIVE FACTORS IMPACTED BY FUNDED PROPOSALS

The funded agencies will impact nearly every risk and protective factor that is identified by the CDC. Some of which include:

- Intolerant attitude toward anti-social behavior
- High grade point average
- Positive social orientation
- Highly developed social skills/competencies
- Highly developed skills for realistic planning
- Connectedness to family or outside adults
- Involvement in social activities
- Parental / family use of constructive strategies for coping with problems (provision of models of constructive coping)
- Possession of effective relationships with those at school that are strong, close, and prosocially oriented
- Commitment to school (an investment in school and in doing well at school)
- Membership in peer groups that do not condone anti-social behavior
- Involvement in prosocial activities

YOUTH REQUESTS

ENGAGING OUR YOUTH

A critical part of our plan is getting youth across the city to provide input on actions that can reduce youth violence.

Type of Requests:

- Re-open Presbyterian Community Center (PCC) at Hancock & Broadway
Youth from the Smoketown area felt connected to this location and viewed it as a safe space. As a result, we negotiated with PCC to re-open the space. We plan to extend the contract from December 2016 through April 2017. On average, 60-90 youth attend each day; dinner is also served each evening in collaboration with Dare to Care.
- During youth chats at Southwick Community Center (SCC), the youth asked for the opportunity to design and expand programs that would be held at SCC.
- The Youth Implementation Team requested training on how to service vehicles and do minor repairs. One of our External Agency Funding recipients, the Auto Club for Kids, will fulfill this request.

VIOLENCE REDUCTION STRATEGY

- STRATEGIC PLAN
- THE DATA
 - THE GOAL
 - TARGET LOCATION
 - ENGAGEMENT PILLARS & INITIATIVES

The infographic is titled "LOUISVILLE VIOLENCE REDUCTION STRATEGY" and features the "LOVE" logo. It is organized into six numbered pillars, each with a brief description and a list of examples. The pillars are: 1. ENFORCEMENT, 2. INTERVENTION, 3. PREVENTION, 4. COMMUNITY MOBILIZATION, 5. ORGANIZATIONAL CHANGE & DEVELOPMENT, and 6. RE-ENTRY. At the bottom, it provides the website www.louisvilleky.gov for more information.

PILLARS	EXAMPLES
1 ENFORCEMENT Placing laser focus of law enforcement efforts on the small percentage of people who commit gun violence while ensuring the safety and security of our citizens	Hot Spot Policing Focus on Violent Offenders Narcotics Trafficking Federal Agency Partnerships
2 INTERVENTION A coordinated approach to intervening at the first sign of potential violence in the streets, schools, and hospitals to reduce violence and to produce a more positive outcome	Zones of Hope No More Red Dots Trauma Response Collaborative Pivot to Peace Clergy Resource Team
3 PREVENTION Reaching individuals, families, and communities before violence happens so that violence is less likely to occur	Mayor's SummerWorks Right Turn/ReImage/Metro Mentors JCPs - Mini-grant recipients - PARKS Pact in Action/Youth Chats Zones of Hope 100
4 COMMUNITY MOBILIZATION Pulling together youth, neighborhood residents, community organizations, and law enforcement to ensure a culture where gun violence is not tolerated	Care Violence Blockwatch/Neighborhood Associations One Love Louisville Ambassadors OSHN Advisory Council OSHN External Agency Fund
5 ORGANIZATIONAL CHANGE & DEVELOPMENT Transforming policies, practices, and systems to reduce gun violence	21st Century Policing One Love Louisville Work Groups Civil Citation Initiative One Love Louisville Campaign Restorative Justice/Care Violence Cardinal Success Program
6 RE-ENTRY Assisting those who have committed crimes come back into the community by providing resources and opportunities to prevent recidivism and re-build community	Re-entry Program for Incarcerated Youth ReImage 2 FACT Program Second Chance Employment

VIOLENCE REDUCTION STRATEGY

PROBLEM STATEMENT

In 2016 nearly half of the shootings involved victims 25 years old or younger. About 20% of those shootings resulted in homicide.

HOMICIDES	SHOOTINGS
Louisville had 118 Homicides in 2016; 80 in 2015	Louisville had 504 shootings in 2016; 20% were fatal. 353 shootings took place in 2015; 20% were fatal
75% occurred in the 1st(20), 2nd(35), & 4th(33) division	76% of shootings occurred in the 1st, 2nd, & 4th divisions
85% of homicides involved gunshots, the average of victims was 31; the youngest was 6 months; the oldest was 72	39% of victims were 25 or younger
12 homicides were the result of domestic violence	76% of victims were black; 80% Male
56% of homicides were cleared by arrest	

FRAMEWORK FOR CHANGE

THE GOAL

Reduce homicides and shootings by 25% by focusing in the six targeted areas which accounted for 50% of homicides in 2016.

AREAS

- PARK HILL
- RUSSELL
(INCLUDES BEECHER TERRACE & CITY VIEW)
- SHAWNEE
- SHELBY PARK
- SMOKETOWN
- VICTORY PARK

ENGAGEMENT PILLARS

- ENFORCEMENT
- INTERVENTION
- PREVENTION
- COMMUNITY MOBILIZATION
- ORGANIZATIONAL CHANGE & DEVELOPMENT
- RE-ENTRY

TARGET AREAS

➤ WHY THESE SIX TARGET AREAS?

- Most affected by violent crime.
- Over the past five years the majority of the homicides and shootings have occurred in these areas.
- Located in either the 1st, 2nd or 4th divisions which accounted for 72% of our homicides and 76% of our shootings in 2016.

HOW CAN YOU HELP?

➤ ENSURING SUSTAINABLY

- None of this will work without a long-term financial commitment.
- Our partners need the assurance that the City is truly committed to a long-term investment in high-risk and vulnerable populations.
- Our youth need to have confidence that the people who are connecting with them today will still be there for them tomorrow.

HELP BY THE NUMBERS

➤ COSTS...

Housing an incarcerated individual:

$$\text{\$70/day} \times 365 \text{ days/yr} = \text{\$25,550}$$

$$25 \text{ Prisoners} \times \text{\$25,550} = \text{\$638,750}$$
