DEPARTMENT OF PUBLIC WORKS AND ASSETS

LOUISVILLE, KENTUCKY

GREG FISCHER

MAYOR

VANESSA D. BURNS

Director

TO: Councilman Brandon Coan  
District 8

FROM: Gregory A. Dow  
Traffic Engineering

DATE: November 9, 2020

RE: Cost of Speed Humps/Signage for **Goddard Avenue**

Three (3) Speed Humps x \$2,050.00 =	\$6,150.00
Two (2) Speed Hump signs x \$260.00 =	\$520.00
<b>Total =</b>	<b>\$6,670.00</b>

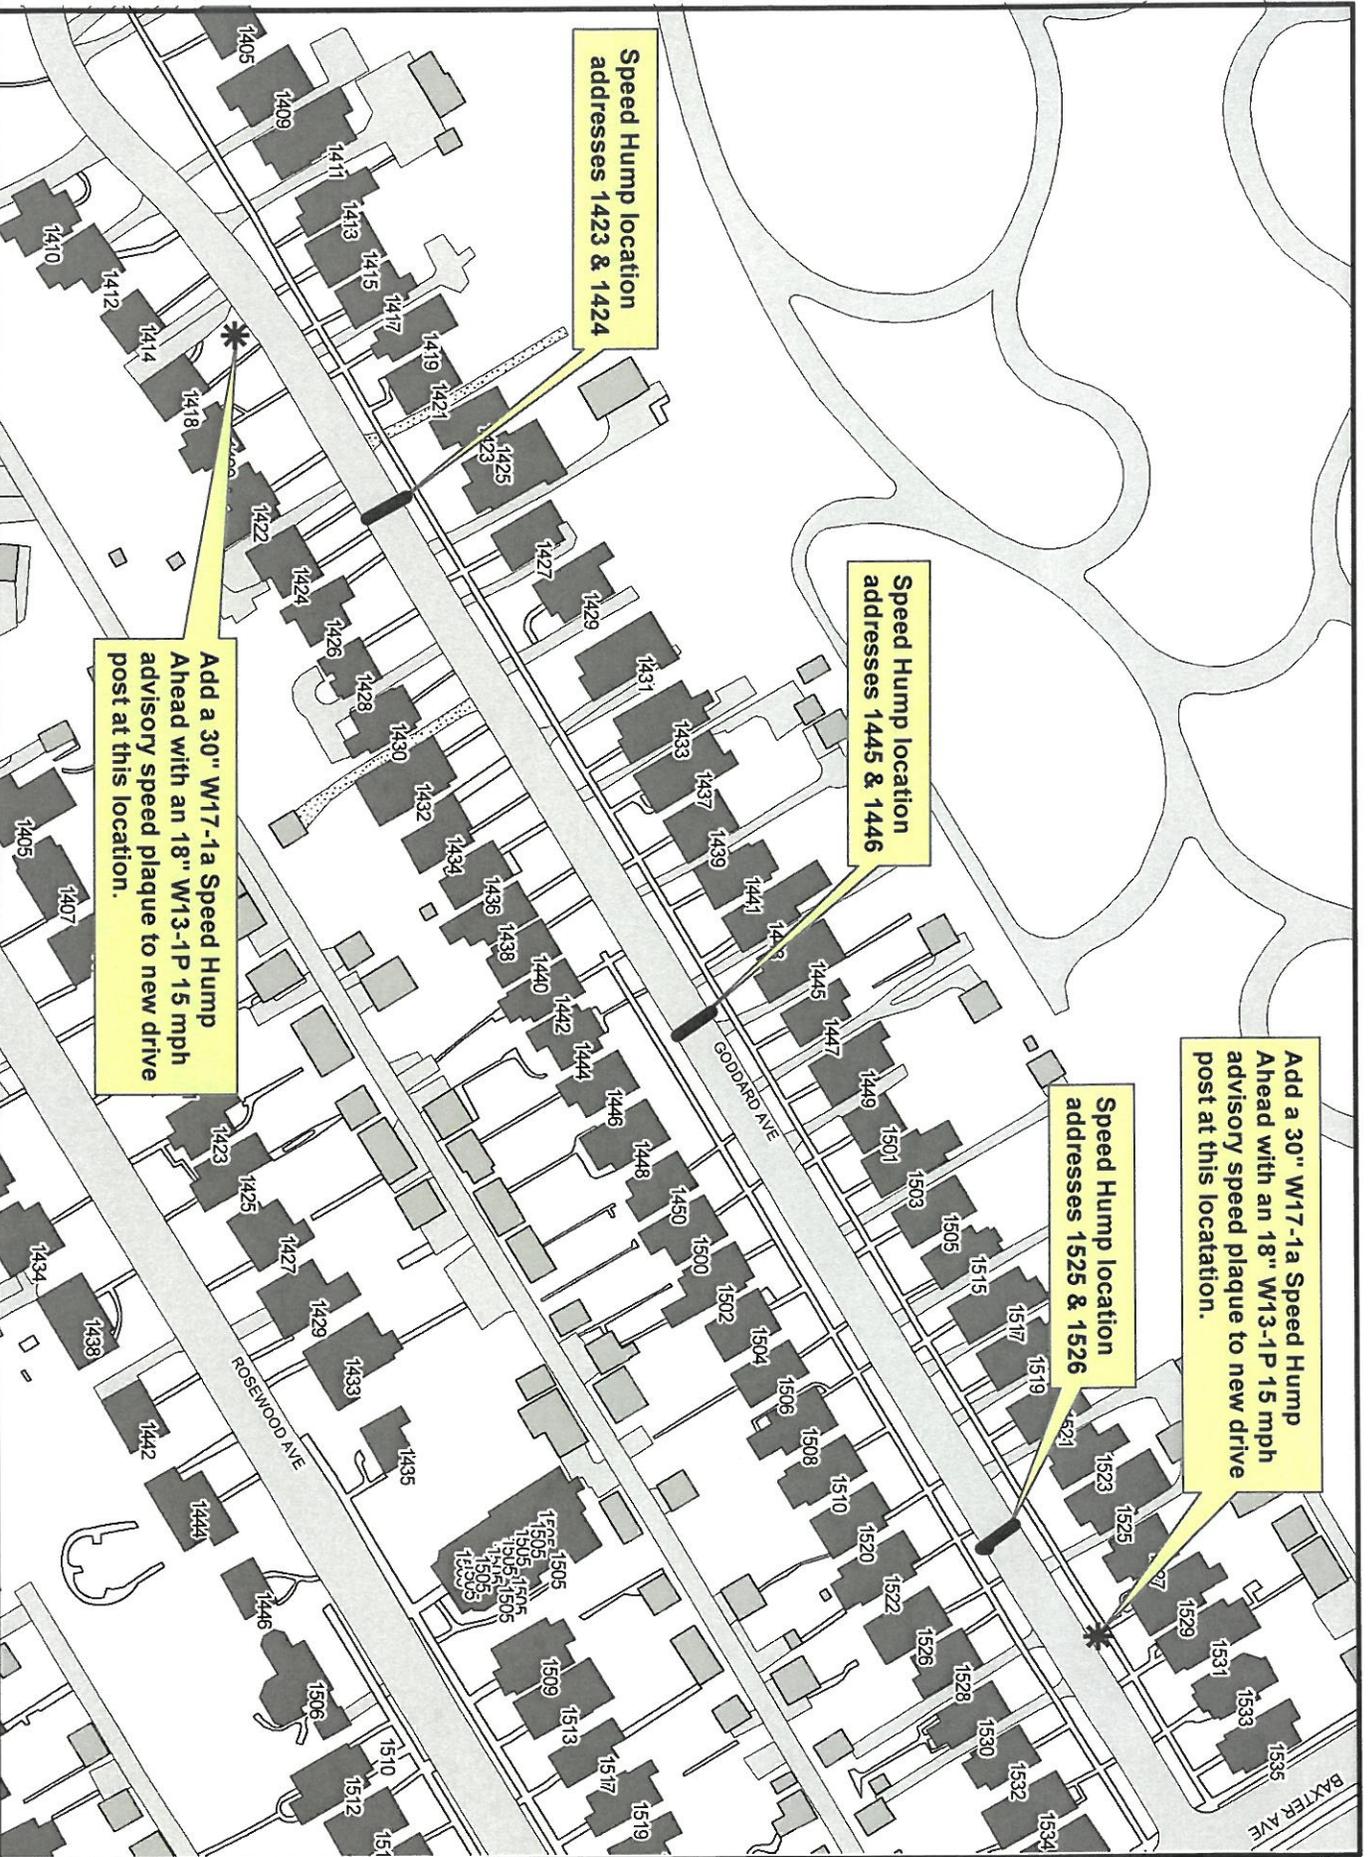

Please consider this letter as our official Statement of Cost for all speed hump related work. Each speed hump, including markings is \$2,050.00 and each sign is \$260.00. Based on our Engineering Studies, a total of three (3) speed humps and two (2) speed hump signs have been proposed for Goddard Avenue, between Baxter Avenue and Barret Avenue. The total "not to exceed" cost is \$6,670.00.

Upon receiving funding from your office, the speed humps will be installed as schedule and weather permits.

Please let me know if you have any questions. You may contact me at 574-3882.

Sincerely,

Gregory A. Dow  
Traffic Engineering

# Goddard Avenue

- (3) Speed Humps
- (2) Speed Hump Signs

**Subject:** RE: Speed humps Goddard

Michael,

I will conduct another 48hrs study next week and provide you the exact day that I will be at Goddard Ave..

The study is for determining the speed and traffic volume during a 48hrs period and not for placement, the number of speed humps or cost. The study results indicated that it didn't meet the speed criteria, but I believe once I conduct another study and place the traffic analyzers in a different location, the results will meet the speed criteria.

Sometimes it takes a couple of studies to get the results that are needed.

Again, I will contact you next week to provide you a date as to when I will conduct another study.

Regards,

Greg

Thanks Greg,

Is it possible to let me know when you will be doing the study?

What is the study for, to determine placement and how many and then the total cost of the humps? It's not for speed/traffic alone is it, since we got [88% of properties](#) to vote 'yes'?

Thanks, Michael S

Michael - great news on the 85%. The funding situation depends on how many humps and signs the project needs; we have money in the bank but I have been saving it for Cassie to have some spending power when she comes into office. Let's get the project budget from Greg and then I'll discuss with her. I certainly think it would be a good use of money.

Hi Greg, Jeff, Brandon, and Jasmine,

**We got to 85% votes!** Attached is the updated spreadsheet.

And here's a link the spreadsheet online:

[https://docs.google.com/spreadsheets/d/1oNIwp-V\\_4LSQ27uz6EBzEwIX1XgUiHVVN9RRXqRfKe8/](https://docs.google.com/spreadsheets/d/1oNIwp-V_4LSQ27uz6EBzEwIX1XgUiHVVN9RRXqRfKe8/)

And screenshot proof of each vote in a Google Drive:

[https://drive.google.com/drive/folders/1DTjkDBHRYha1LMcBU2hzFKM\\_tp\\_PSGiE](https://drive.google.com/drive/folders/1DTjkDBHRYha1LMcBU2hzFKM_tp_PSGiE)

Thank you!

Does that mean the speed and volume studies can be bypassed now? How's the funding look Brandon (thanks!)?

Michael Schnuerle

**Subject:** Re: Speed humps Goddard

Michael - Preliminary eligible just means those streets meet the basic length requirements. Greg still has to do speed and volume studies. Don't give up on getting to 80%, just in case.

Greg - thanks in advance; just let us know once you have some results. We can likely get humps funded by the end of the calendar year, if you agree to put them in.

Thank you Greg,

Brandon has a list of "Preliminary Eligible Streets" which he created as part of his "District 8 Speed Hump Survey Initiative" which you can see a link for here:

<https://louisvilleky.gov/government/metro-council-district-8/district-8-speed-hump-survey-initiative>

Goddard Ave is listed. Not sure if this means a study has already been done and this is approved already.

Hello Brandon and Jeff,

We have over 70% of the Goddard Ave property owner 'FOR' speed humps. 75% actually, but we couldn't reach everyone to get to my 85% stretch goal!

Attached is the spreadsheet, and here is a [link to it in Google Docs](#).

It has email and phone numbers for everyone who signed in case you need verifications. Also every signature collected was screenshotted and [put in this folder by house number](#).

As a bonus you can see the [responses color coded on this map](#) I made.

So we are ready for the next steps! Let me know what you need from me, and how I can track the progress on this over the coming months/years with a service request ID.

Thanks!

Thanks Brandon!!

Is there any official way I can get signatures now without a physical signature on paper. Eg, a google doc where a signature image can be placed, or the text of a signature of the property owner?

Thanks,  
Michael

On Sep 7, 2020, at 11:46 AM, Coan, Brandon <[Brandon.Coan@louisvilleky.gov](mailto:Brandon.Coan@louisvilleky.gov)> wrote:

Michael - see here pp. 133-135; looks like Goddard got pretty close last time:

[https://louisvilleky.gov/sites/default/files/metro\\_council/members/8/pdf\\_files/skmbt\\_42317112113570.pdf](https://louisvilleky.gov/sites/default/files/metro_council/members/8/pdf_files/skmbt_42317112113570.pdf)

You need 70% of property owners' signatures AND to pass the traffic engineers' tests for speed and volume - or 85% signatures and it's ok not to pass both.

More info here: <https://louisvilleky.gov/government/metro-council-district-8/district-8-speed-hump-survey-initiative>

Another caveat: I am no longer funding this between now and the end of my term; Cassie will have to decide whether she wants to or else citizens will have to pay for it themselves.

Jasmine - can you get Michael some clean spreadsheets for another try at Goddard and any other info he needs? Thanks!

Brandon,

I'd like to start the process again to request speed humps. The Goddard community seems to be on board now with many who opposed before all in. I can take on the signatures part and have told the group I will. What's next?

I submitted a phone number to 311 online 2 weeks ago using the City's recommended process but have not heard anything back yet.

Thanks,  
Michael

DEPARTMENT OF PUBLIC WORKS AND ASSETS

LOUISVILLE, KENTUCKY

GREG FISCHER

MAYOR

VANESSA D. BURNS

Director

TO: Councilman Brandon Coan  
District 8

FROM: Gregory A. Dow  
Traffic Engineering

DATE: November 9, 2020

RE: Cost of Speed Humps/Signage for **Goddard Avenue**

Three (3) Speed Humps x \$2,050.00 =	\$6,150.00
Two (2) Speed Hump signs x \$260.00 =	\$520.00
<b>Total =</b>	<b>\$6,670.00</b>

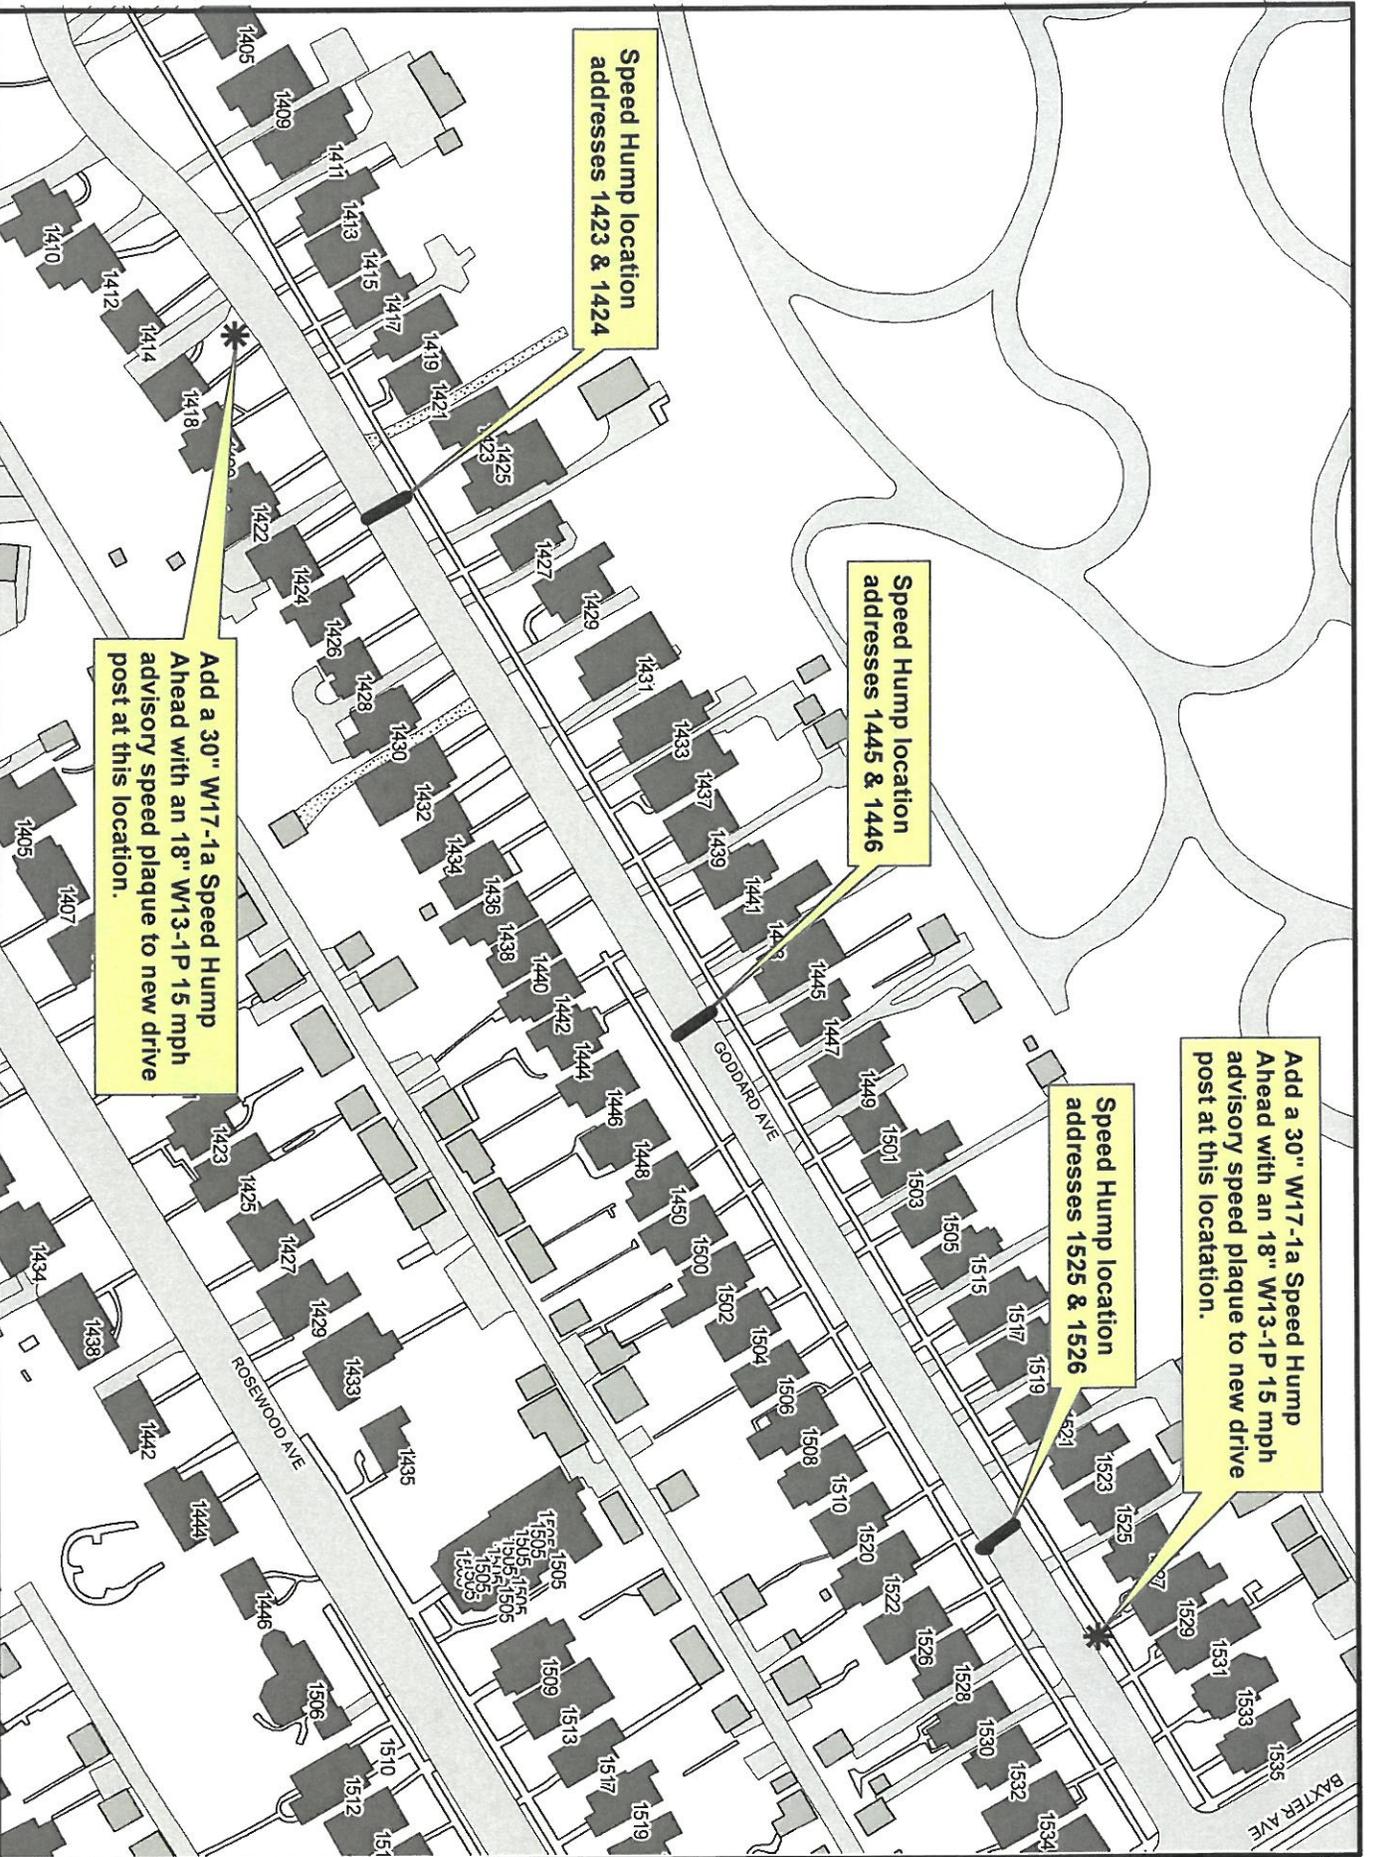

Please consider this letter as our official Statement of Cost for all speed hump related work. Each speed hump, including markings is \$2,050.00 and each sign is \$260.00. Based on our Engineering Studies, a total of three (3) speed humps and two (2) speed hump signs have been proposed for Goddard Avenue, between Baxter Avenue and Barret Avenue. The total "not to exceed" cost is \$6,670.00.

Upon receiving funding from your office, the speed humps will be installed as schedule and weather permits.

Please let me know if you have any questions. You may contact me at 574-3882.

Sincerely,

Gregory A. Dow  
Traffic Engineering

**Subject:** RE: Speed humps Goddard

Michael,

I will conduct another 48hrs study next week and provide you the exact day that I will be at Goddard Ave..

The study is for determining the speed and traffic volume during a 48hrs period and not for placement, the number of speed humps or cost. The study results indicated that it didn't meet the speed criteria, but I believe once I conduct another study and place the traffic analyzers in a different location, the results will meet the speed criteria.

Sometimes it takes a couple of studies to get the results that are needed.

Again, I will contact you next week to provide you a date as to when I will conduct another study.

Regards,

Greg

Thanks Greg,

Is it possible to let me know when you will be doing the study?

What is the study for, to determine placement and how many and then the total cost of the humps? It's not for speed/traffic alone is it, since we got [88% of properties](#) to vote 'yes'?

Thanks, Michael S

Michael - great news on the 85%. The funding situation depends on how many humps and signs the project needs; we have money in the bank but I have been saving it for Cassie to have some spending power when she comes into office. Let's get the project budget from Greg and then I'll discuss with her. I certainly think it would be a good use of money.

Hi Greg, Jeff, Brandon, and Jasmine,

**We got to 85% votes!** Attached is the updated spreadsheet.

And here's a link the spreadsheet online:

[https://docs.google.com/spreadsheets/d/1oNIwp-V\\_4LSQ27uz6EBzEwIX1XgUiHVVN9RRXqRfKe8/](https://docs.google.com/spreadsheets/d/1oNIwp-V_4LSQ27uz6EBzEwIX1XgUiHVVN9RRXqRfKe8/)

And screenshot proof of each vote in a Google Drive:

[https://drive.google.com/drive/folders/1DTjkDBHRYha1LMcBU2hzFKM\\_tp\\_PSGiE](https://drive.google.com/drive/folders/1DTjkDBHRYha1LMcBU2hzFKM_tp_PSGiE)

Thank you!

Does that mean the speed and volume studies can be bypassed now? How's the funding look Brandon (thanks!)?

Michael Schnuerle

**Subject:** Re: Speed humps Goddard

Michael - Preliminary eligible just means those streets meet the basic length requirements. Greg still has to do speed and volume studies. Don't give up on getting to 80%, just in case.

Greg - thanks in advance; just let us know once you have some results. We can likely get humps funded by the end of the calendar year, if you agree to put them in.

Hello Brandon and Jeff,

We have over 70% of the Goddard Ave property owner 'FOR' speed humps. 75% actually, but we couldn't reach everyone to get to my 85% stretch goal!

Attached is the spreadsheet, and here is a [link to it in Google Docs](#).

It has email and phone numbers for everyone who signed in case you need verifications. Also every signature collected was screenshotted and [put in this folder by house number](#).

As a bonus you can see the [responses color coded on this map](#) I made.

So we are ready for the next steps! Let me know what you need from me, and how I can track the progress on this over the coming months/years with a service request ID.

Thanks!

Thanks Brandon!!

Is there any official way I can get signatures now without a physical signature on paper. Eg, a google doc where a signature image can be placed, or the text of a signature of the property owner?

Thanks,  
Michael

On Sep 7, 2020, at 11:46 AM, Coan, Brandon <[Brandon.Coan@louisvilleky.gov](mailto:Brandon.Coan@louisvilleky.gov)> wrote:

Michael - see here pp. 133-135; looks like Goddard got pretty close last time:

[https://louisvilleky.gov/sites/default/files/metro\\_council/members/8/pdf\\_files/skmbt\\_42317112113570.pdf](https://louisvilleky.gov/sites/default/files/metro_council/members/8/pdf_files/skmbt_42317112113570.pdf)

You need 70% of property owners' signatures AND to pass the traffic engineers' tests for speed and volume - or 85% signatures and it's ok not to pass both.

More info here: <https://louisvilleky.gov/government/metro-council-district-8/district-8-speed-hump-survey-initiative>

Another caveat: I am no longer funding this between now and the end of my term; Cassie will have to decide whether she wants to or else citizens will have to pay for it themselves.

Jasmine - can you get Michael some clean spreadsheets for another try at Goddard and any other info he needs? Thanks!
