Kyle,

Is the proposal that Councilman Hollander will cover half (\$9928.15), DED will cover at least \$7,000, and DPW will cover the rest?

I just asked the Director and MPW can do the above. If this works for everyone please let me know.

Thanks, have a good weekend.

OK to pay

Rebecca and Craig,

Thanks for the new estimates and emails. CM Hollander could do half of the funding, but due to our tight budget we cannot do any more.

If Economic Development cannot come up with the other half, would MPW be able to kick in any funds to help us get there?

Thanks,  
Kyle

Thanks Craig... is it normal that an estimate would increase by this much in a few months time?

Kyle, we had agreed to pay half, or \$7,000-\$8,000, when the estimate was in the \$14,000 range... I'm not sure that we have more to contribute, but wanted to see what you were able to contribute to get to this new total?

Thanks.

Christy,

Here is the updated estimate for 2622 Frankfort Ave. This project would be facing a state road and therefore is typically the responsibility of the state, but we can perform this repair with an encroachment permit if you wish to proceed, provided the funding is there.
