Subject: RE: Middletown Paving

We worked with Libs Paving earlier this year to supplement paving work being done by the City of Meadow Vale and paved a portion of a Metro road along the city's boundary that was also being paved so we should be able to make this work.

Public Works will accept \$12,774.35 for the paving of the Metro portion of Old Station Rd and work with the City of Middletown's paving contractor to complete the work in conjunction with Middletown's paving project.

Subject: FW: Middletown Paving

Hey Jeff,

After speaking to you and Beth it is clear we are unable to give money to Middletown for the paving of Old Station Rd. They did already do a bid list and chose Libs paving company. They stated that our cost of paving our section of Old Station Rd. would be \$12,774.35. If I send CIF funds to you can you use this funding to pave our section of Old Station Rd?

If we use the same contractor they would do it all at once which makes the most sense to me?

Is this doable?

Thanks so much.
