May 25, 2022

To whom it may concern,

My name is Rev. David L. Snardon, I pastor Joshua Tabernacle Missionary Baptist Church organized since 1915. My wife and I are lifetime residents of the Chickasaw community. We moved back to the Chickasaw after graduating college to raise our family. I have seen the Chickasaw community grow and change, and I am excited to finally see serious commercial development come to Chickasaw.

Christ Temple Christian Life Center is an anchor institution in the Chickasaw community and has been in existence since 1933. This faith community has been about the business of holistically uplifting life in the Chickasaw neighborhood through its various ministries and programs. Christ Temple addresses spiritual, moral and ethical needs through worship and Bible study and other practices consistent with the Christian faith. Since I live in the community I frequently walk by Christ Temple and watch parents and grandparents drop their children off to take advantage of the child education services in the morning. I have personally taken advantage of their Master Builders Academy professional development, financial growth and entrepreneurial classes and know firsthand how this volunteer lead program has left an impact on those who chose to participate. Master Builders Academy is a forward thinking and innovation driven financial, and professional development curriculum created by the current pastor and leader of Christ Temple Christian Life Center Bishop Michael E. Ford, Jr.

I have known Bishop Ford Jr for close to three decades and in a short period of time I have seen him lead Christ Temple through some of its most difficult times through the pandemic and the death of his father who was the patriarch of Christ Temple. I know his concern for uplifting the Chickasaw community through commercial development and speaking to the issues of the day through the programs of the church. He is a person I support and believe the innovative housing development he proposes for the Chickasaw neighborhood is the type of housing we need and desire that is starkly different from the boarding houses we have fought against for years.

Sincerely,

*Rev. David L Snardon*

Rev. David L. Snardon, Pastor

# KENTUCKY ASSOCIATION OF MORTICIANS, INC.

February 8, 2023

To whom it may concern:

My name is Jonathan Harris I am a Funeral Director at G.C. Williams Funeral Home, Inc., as well as the President of the Kentucky Association of Morticians, Inc. It is with great pleasure to support an affordable living apartment complex being completed by the Christ Temple Christian Life Center in Louisville, Kentucky. Having had strong roots not only in the community but being raised in Christ Temple gives me great joy to see this project that is much needed in our community and the city of Louisville at large. Over the years the leadership of Christ Temple has been very compassionate with providing housing and I believe this will be an asset to our community.

Please know that we support the efforts of this worthy project and will do what we can to further support the vision as it comes to fruition. I hope and pray that as this project comes to life it will be a blessing to those in our community who need affordable housing and help keep the Shawnee/Chickasaw neighborhood vibrant and beautiful.

May God continue to bless the efforts of the Christ Temple Christian Life Center, Inc.

Respectfully,

*Jonathan K. Harris*

Jonathan Harris, AS, BS, MBA, CFSP

President

Kentucky Association of Morticians, Inc.

# Dare to Care Food Bank

February 7, 2023

Suffragan Bishop Michael Ford, Sr.  
Christ Temple Christian Life Center  
723 S. 45<sup>th</sup> Street  
Louisville, KY 40211

Dear Suffragan Bishop Ford,

It is my pleasure to write this letter of support for the Renaissance on Broadway affordable housing development being submitted to the Jefferson County Planning and Zoning Commission.

Dare to Care Food Bank is excited to partner with Christ Temple Christian Life Center as we together work to address social determinants of health in west Louisville Kentucky. This affordable housing development will provide:

- access to nutritious foods from Dare to Care Food Bank,
- access to clean water and working utilities (electricity, sanitation, heating, and cooling),
- early childhood social and physical environments, including childcare directed by Christ Temple Christian Life Center.

I fully support the proposal of Christ Temple Christian Life Center as they seek funding to support a program desired to aid the residents of west Louisville Kentucky.

Sincerely,

Vincent E. James, Sr.  
President and CEO

*Hope starts here.*

**Petition to support for the Proposed Renaissance on Broadway development between 44<sup>th</sup> and 45<sup>th</sup> Street W. Broadway**

Residents of Westover subdivision and other residents of the Chickasaw and Shawnee Neighborhoods are fully in support of the beautiful, innovative, and state of the art affordable housing facility stated as "Renaissance on Broadway"

1. The proposed plan indicates 55 units of affordable housing that is much needed in our community as rent is astronomical and you can't find a beautiful new apartment with low utility payments and modern amenities.
2. Many of us and our neighbors have family aging out of large homes and would benefit from an opportunity for our loved ones to live in an updated apartment with spacious and energy efficient living that has modern amenities and not have to move out to the East End.
3. The pictures and design of the proposed facility look modern and very historically relevant to the look and feel of the neighborhood.
4. There are many of us that have personally along with our children and grandchildren benefited greatly from the Temple Academy Learning Center, Master Builders Academy, Children Against Negativity and other services the developer's teams provide and we would be in full support of the developer's proposal of providing stable, caring, and safe environment for youth aging out of foster care.
5. The Developer has shown great care of their existing facilities and has shown significant investment in our community for many years.
6. We are confident the developer will continue to provide excellent property management and continue adding value to the facilities and grounds in its care.
7. We support the electric car sharing and thankful for the new innovation coming to our neighborhood
8. We know the developer will continue to give back in the local Westover, Chickasaw and Shawnee communities as they have for decade

**Petition to support for the Proposed Renaissance on Broadway development between 44<sup>th</sup> and 45<sup>th</sup> Street W. Broadway**

Residents of Westover subdivision and other residents of the Chickasaw and Shawnee Neighborhoods are fully in support of the beautiful, innovative, and state of the art affordable housing facility stated as "Renaissance on Broadway"

1. The proposed plan indicates 55 units of affordable housing that is much needed in our community as rent is astronomical and you can't find a beautiful new apartment with low utility payments and modern amenities.
2. Many of us and our neighbors have family aging out of large homes and would benefit from an opportunity for our loved ones to live in an updated apartment with spacious and energy efficient living that has modern amenities and not have to move out to the East End.
3. The pictures and design of the proposed facility look modern and very historically relevant to the look and feel of the neighborhood.
4. There are many of us that have personally along with our children and grandchildren benefited greatly from the Temple Academy Learning Center, Master Builders Academy, Children Against Negativity and other services the developer's teams provide and we would be in full support of the developer's proposal of providing stable, caring, and safe environment for youth aging out of foster care.
5. The Developer has shown great care of their existing facilities and has shown significant investment in our community for many years.
6. We are confident the developer will continue to provide excellent property management and continue adding value to the facilities and grounds in its care.
7. We support the electric car sharing and thankful for the new innovation coming to our neighborhood
8. We know the developer will continue to give back in the local Westover, Chickasaw and Shawnee communities as they have for decade
