CW Flood,

I would recommend funding paving along Jefferson Blvd from Outer Loop to just before McCawley Avenue. The total cost would be \$110,000 so that would utilize your MAP and MAP match for the year. If you don't have the additional \$10,000, PW is willing to pick up the difference if you are willing to fund the project. Let me know if you have any questions or need any additional information.

Thanks,
Andrew

Would you prefer to focus on local roads or higher volume roads?

Thanks,
Andrew

Andrew -

District 24 has \$50,000 in MAP money - Can you tell which road project that Public Works has identified in District 24 that we could attach the MAP funds to?
