The cost is the same as a new one. Seems too damaged and twisted for it to ever look the same again.
\$583.

We can have it removed if you want. I will get an estimate on repair versus replacement and let you know the costs. Engineering would have to see where it could be placed and give their approval for placement.

Subject: Trash Receptacle damaged

The Northwest corner of Preston at Eastern Parkway, the trash receptacle has been damaged by a large vehicle cutting the corner to short. Councilwoman Butler is wanting to have the receptacle repaired if possible, and if not, replaced. She also wants it moved back further from the corner to prevent this from occurring again.

So, if you can tell us what is the best way to handle this request, we will be glad to start the process. Thanks so much Steve.
