Michael,  
I will not be able to sign the MAP request for this prior to the business deadline.  
Please sign the paperwork on my behalf for the Bethany Lane project.

Thanks!  
Cindi

Michael,

To repave Bethany Lane from Fashion Way to Lower River Road would be \$112,000.

In regards to Tennis Blvd, I haven't been involved in any of the discussions regarding the CDBG funding or its requirements. I can look into Tennis Blvd and come up with a scope of work but I won't be able to get you an estimate by Friday. What is the end goal after completing work on Tennis Blvd?

Thanks,  
Andrew

Andrew,

The final business deadline for this year is on Monday. I will need the cost estimate for the Bethany Lane project you've discussed with Councilwoman Fowler so that I can file the paperwork with the Clerk to get it on the Appropriations agenda.

Also, can you provide information on the requirements for the Tennis Boulevard project as well? That money is CDBG from the Budget that we earmarked for an eligible project in our district. The money has to be used in the Valley Village area, as its the only part of the district that is CDBG eligible.

If you can return those figures back to be before the end of business Friday, I'd appreciate it.

Thanks for the help!

Andrew,

Do you know the rating for Bethany? It looks like it needs it. In my previous email I mentioned the entrance way to Sun Valley Estates being included hopefully at a reduced cost due to staging costs already in the estimate for Bethany. Is this the case?

Also, what does the "paperwork" consist of other than a letter to that affect? Could you give me an updated estimate including Blaze Way?

I also wondered about the CDBG project in Valley Village on Tennis Blvd. It is my understanding the roadway has to be torn out to base and replaced as a requirement for funding. I have \$150K for that project and wondered how much roadway that will cover if replacement is a requirement. This is one of the many problematic streets in VV that stands in water due to the problems we have discussed previously. I anticipate this funding to be available annually and want to make sure we are able to remedy the worse streets.

Your help is greatly appreciated, as always. Hope all is well. Cindi

Cindi,

I had a note you were wanting to fund the paving on Bethany Lane. I haven't seen any paperwork come through for the appropriation so I wanted to touch base with you so you can get it submitted and I can get it scheduled for the spring... if you are still interested in funding the project.

Thanks,  
Andrew
