Brian,

In light of this positive response, would the Councilman consider funding the remaining balance of the estimate?

Thanks,

Bennett

I apologize as I thought I had sent this, but obviously I had not. Here is the quote from Riverside Paving to solve the remaining issue with the dog run and avoid any erosion of the path given the location of the bridge.

Jim, please let us know what contribution your group can put towards this work so that we can work to schedule this and move towards a grand opening.

If you have any questions, please let me know.

Thanks,

Bennett
