

Planning Commission Staff Report

February 18, 2016

Case No:	15DEVPLAN1186
Project Name:	Grove Pointe Assisted Living
Location:	240 Masonic Home Drive
Owners:	Masonic Homes of KY, Inc.
Applicant:	Masonic Homes of KY, Inc. – Gary Marsh
Representative(s):	QK4 – Ashley Bartley
Project Area/Size:	5.66 Acres
Existing Zoning District:	R-5A, Multi-Family Residential
Existing Form District:	C, Campus
Jurisdiction:	Louisville Metro
Council District:	9 – Bill Hollander
Case Manager:	Joel P. Dock, Planner I

REQUEST

- **Revised Detailed District Development Plan (RDDDP)** for proposed 72 unit assisted living facility.

CASE SUMMARY/SITE CONTEXT

This case was forwarded to the Planning Commission from the Development Review Committee meeting on January 20, 2016. The case was not heard by the committee.

The applicant proposes a 72 unit Assisted Living facility on 5.66 Acres of a Northeastern portion in the Masonic Homes development. The Masonic Homes development site is located along Frankfort Avenue and West of the terminus of Frankfort Avenue at the intersection of Lexington Road and Shelbyville Road. The municipal boundaries of Louisville Metro and the City of St. Matthews are roughly coterminous with the Eastern property line of the site. Forty-seven parking spaces will be provided for the assisted living facility. An additional 88 spaces for campus staff are being provided to compensate for the loss of parking that is being displaced as a result of the proposed structure and associated vehicle use areas. An existing infirmary building will be demolished and the new facility will be a 2 story (35') brick building totaling 72,000 SF with 2 courtyards. No new access or changes to existing access to abutting streets is being requested with this RDDDP.

LAND USE/ZONING DISTRICT/FORM DISTRICT TABLE

	Land Use	Zoning	Form District
<i>Subject Property</i>			
Existing	Nursing, Assisted, and Independent Living	R-5A	C
Proposed	Assisted Living	R-5A	C

<u>13CUP1022:</u>	Modified CUP for Independent Living in Southwest section of the Masonic Homes development site (approved 2/24/14).
<u>14MOD100:</u>	Amendment to Binding Element to allow employees and residents site access from adjacent streets to the East (denied 7/28/14).
<u>15CUP1036:</u>	Modified CUP associated with this RDDDP request (approved 2/1/16)

INTERESTED PARTY COMMENTS

Staff communicated with Jack Ruf of the City of St. Matthews on the status and notification for the public hearing for this case.

Tracy Evans raised concerns about drainage on Ormond Rd. and wanted to know whether the development would tie into sewers on this street.

A letter was provided by Richard Tonini, Mayor of the City of St. Matthews, reiterating the City's position on connectivity to adjacent streets, as well as the findings and decision by the Planning Commission in case 14MOD1000. The letter continues into a discussion of the sewers along Elmwood Avenue and requests that the Planning Commission be satisfied that the existing sewers in the City of St. Matthews are in good serviceable condition now and in the future.

APPLICABLE PLANS AND POLICIES

Cornerstone 2020
Land Development Code (revised December 2015)

STANDARD OF REVIEW AND STAFF ANALYSIS FOR RDDDP AND AMENDMENT TO BINDING ELEMENTS

- a. The conservation of natural resources on the property proposed for development, including: trees and other living vegetation, steep slopes, water courses, flood plains, soils, air quality, scenic views, and historic sites;

STAFF: The proposed development is in a location of existing development and does not appear to have any substantial negative impact on the existing natural resources. The development provides all required LBA's and permits appear to have been properly issued for the demolition.

- b. The provisions for safe and efficient vehicular and pedestrian transportation both within the development and the community;

STAFF: Provisions for safe and efficient vehicular and pedestrian transportation within the development is provided through an existing network of drives, walks, and parking lots. Through the entrance on Frankfort Avenue a sidewalk along the avenue provides pedestrian and vehicular access to the site and the nearby residential community and many commercial destinations. No new access or changes to existing access to abutting streets is being requested

- c. The provision of sufficient open space (scenic and recreational) to meet the needs of the proposed development;

STAFF: The open space to be provided on site exceeds the minimum requirements of the Land Development Code.

- d. The provision of adequate drainage facilities on the subject site in order to prevent drainage problems from occurring on the subject site or within the community;

STAFF: The Metropolitan Sewer District has approved the preliminary development plan and will ensure the provisions of adequate drainage facilities on the subject site in order to prevent drainage problems from occurring on the subject site or within the community.

- e. The compatibility of the overall site designs (location of buildings, parking lots, screening, landscaping) and land use or uses with the existing and projected future development of the area;

STAFF: The overall site design and land uses are compatible with the existing and future development of the area. All required setbacks and LBA's are being provided. The proposed land use is also compatible with the demographic trends of Jefferson County and provides a necessary service to our community's aging population; especially, to those aging individuals wishing to remain in more urbanized areas of the County with many neighborhood serving uses within walking distance.

- f. Conformance of the development plan with the Comprehensive Plan and Land Development Code. Revised plan certain development plans shall be evaluated for conformance with the non-residential and mixed-use intent of the form districts and comprehensive plan.

STAFF: The development plan conforms to applicable guidelines and policies of the Comprehensive Plan and to requirements of the Land Development Code.

TECHNICAL REVIEW

- The proposed development plan is in order and has received preliminary approvals from Transportation Planning Review and the Metropolitan Sewer District.
- A Minor Plat application has been filed to subdivide the development site from Tract 1 of record in PB 53, PG 14. Access to the site is provided via existing cross access agreement for Masonic Homes per DB 9691, PG 17.
- The applicant stated that this development will utilize existing sewer infrastructure which goes south towards the front of campus to a pump station that outlets into Frankfort Avenue.
- A modified Conditional Use Permit for this site was approved by the Board of Zoning Adjustment on February 1, 2015.
- A wrecking permit, case 14WR1306, has been properly issued for the demolition of the existing building. Historic Preservation staff has approved the RDDDP request.

STAFF CONCLUSIONS

The Revised Detailed District Development Plan appears to be adequately justified and meets the standard of review based on staff analysis in the staff report.

Based upon the information in the staff report, the testimony and evidence provided at the public meeting, the Development Review Committee must determine if the proposal meets the standards established in the LDC for approving a Revised Detailed District Development Plan.

REQUIRED ACTIONS

- **APPROVE** or **DENY** the Revised Detailed District Development Plan.

NOTIFICATION

Date	Purpose of Notice	Recipients
1/8/16	DRC	408 Notices were sent for this case*

*Notification included all 1st tier owners of any property adjacent to Masonic Homes development site, City of St. Matthews and Jack Ruf, adjacent Homeowners Associations, individuals who spoke in favor or opposition of case 14MOD1000, individuals who spoke at DRC hearing 10/27/10, and individuals who spoke at the Planning Commission hearing for rezoning 7/21/83. Notification also included all property owners of streets

abutting and/or having their end-point at the Masonic Homes development site in the St. Matthews; including, Ormond, Leland, Washington, Elmwood, Staebler, and Colonial. A copy of those individuals notified is included in the case file and stamped *Received January 13, 2016*.

ATTACHMENTS

1. Zoning Map
2. Aerial Photograph
3. Existing Binding Elements
4. Proposed Binding Element Amendments

1.

2.

3. Existing Binding Elements

1. The maximum density permitted for the Masonic Homes campus, being that as described in deed book 9046 page 151, and being in the R-5A zoning district, shall be 12.01 dwelling units per acre (946 units on 78.82 acres) as permitted in R-5A zoning district.
2. Prior to any building permits being issued for the development of lots 2 through 7 detailed district development plans will be submitted to the Planning Commission for approval. These development plans will be subject to all agency approvals and additional binding elements.
3. There shall be no access to this site from Napanee, Ormond, and Leland Roads and Elmwood Avenue. In the event of an emergency Washington Square will provide access to the site. Washington Square will not be used for access except in emergency and safety situations and during the annual Masonic Picnic.
4. Before any permit (including but not limited to building, parking lot, change of use, site disturbance, alteration permit or demolition permit) is requested:
 - a. The development plan must receive full construction approval from Louisville Metro Department of Inspections, Permits and Licenses, Louisville Metro Public Works and the Metropolitan Sewer District.
 - b. The size and location of any proposed development identification signs must be approved by the Planning Commission.
 - c. A minor subdivision plat shall be recorded creating the lot lines as shown on the development plan. A copy of the instrument shall be submitted to the Division of Planning and Design Services; transmittal of approved plans to the office responsible for permit issuance will occur only after receipt of said instrument.
 - d. The appropriate variances and modification to conditional use permit shall be obtained from the Board of Zoning Adjustment to allow the development as shown on the approved district development plan.
5. Retention basins are shown for general location purposes only. The configuration and size of each basin will be determined prior to approval of the detailed district development plan for the area for which they are shown.
6. Storm water retention shall be provided to maintain runoff at present rates.
7. Construction of retention facilities are waived for any new structures on Lot 1.
8. Off-site drainage improvements in lieu of retention basins may be required for development in Lot 7.
9. A certificate of occupancy must be received from the appropriate code enforcement office prior to occupancy of a structure or land for the proposed use.
10. These binding elements may be amended as provided for in the Zoning District Regulations.
11. A stub connection shall be provided along the western property line of this site as shown in case 14169 unless other access is provided elsewhere on the western campus boundary. Access through the campus shall utilize existing and currently planned road infrastructure to service emergency access.

4. Proposed Binding Element Amendment

4. Before any permit (including but not limited to building, parking lot, change of use, site disturbance, alteration permit or demolition permit) is requested:
 - a. The development plan must receive full construction approval from Louisville Metro ~~Department of Inspections, Permits and Licenses~~ Construction Review, Louisville Metro Public Works, and the Metropolitan Sewer District.
