

EXHIBIT 4

To Whom it may Concern:

I am the neighbor of Emily + Todd Shelburne, 154 State Street, Louisville, Kentucky 40206. They have lived in their home 3 or 4 years. During this period of time I have watched them work on many projects in and out of the house, and they have brought craftsmanship and beauty through hard work and a great eye for design.

I do not believe any work has encroached upon my property. From the beginning I have been in favor of these projects, and support all they have done to improve their home.

The Shelburnes are the best neighbors I have had in 40 years. You should have seen the house prior to their make over.

Please see if you can resolve these issues in a timely fashion so this young couple can get on with life.

Whom it May Concern,

My name is Murphy Frankhouser and I am the owner of 158 State Street Louisville, KY 40206.

I would like to address the improvements that were made at Todd and Emily Shelburne's home.

First, I believe that the improvements made do not negatively impact the historical aesthetics of the neighborhood as they were made at the rear of the home. Many of the buildings in the immediate vicinity are duplexes and commercial buildings. The Shelburne's chose to improve upon this property beautiful family home in efforts to defend our warm and welcoming neighborhood's charm.

Secondly, the improvements made have positively impacted the neighborhood values. I believe that my property has benefited greatly in value from the Shelburne's improvements.

Lastly, as I have gotten to know the Shelburne family I have been extremely impressed with the attention to detail put into the improvements.

Please feel free to contact me with any questions or concerns you may have. 912-682-1758.

Thank you,
William Murphy Frankhouser, CPA

Whom it may concern,

I have lived at 213 Pope St for the past 10 years and have been a neighbor to Todd and Emily, across the alley, at 156 State St since they have moved in. My husband and I have watched as they have restored and renovated their home over the last several years with an eye for unique architectural detail all while keeping with the beauty and aesthetic of the neighborhood. We absolutely love what they have done with rear addition and deck at their home and welcome any additional improvements and/or additions they may choose to add in the future. Feel free to reach out to me or my husband, Josh Hewett-Ball, with any questions or concerns that you may have. You can reach us at via email or via phone: (502)210-6072.

Thank you,
Elizabeth Caudill

To whom it may concern,

My name is Ben Schenck and I am the owner of 212 Pope St. Louisville, KY 40206. I have lived in this house with my wife since July of 2020. During that time, we have come to love the unique character of the Clifton neighborhood and have taken great pride in renovating our house to improve the appeal of the neighborhood.

I wanted to voice my approval of the design and construction work Mr. Shelburne has done to his house. In no way does it detract or mislead on the overall character of the neighborhood. If anything, it improves it. Working in the architectural field myself, I can say with certainty that Mr. Shelburne has carefully considered each and every detail and how it plays into the context of the building and the neighborhood as a whole. While I claim no specialization in the field of historic architecture, it is my belief that all improvements have been made in a way that fits the historic context of the neighborhood without faking or falsifying true historical record.

Should I be of any further service in determining the appropriateness of these improvements, feel free to contact me at 608-345-1504.

Thank you,

Ben Schenck
