Craig –

Councilman Blackwell has committed to funding the \$7000 from CIF for the total estimate of \$32,000 for the sidewalk repairs you listed in the original email.

We'll get the paperwork submitted and have this added late to the Appropriations Committee agenda for Wednesday 10/3/17 as it is time-sensitive.

Please let us know if you are able to get the estimates together for the other three requests before then.

Thank you,
Liz McQuillen

Hi Liz,

That's a great question. If I can have the assurance that Councilman Blackwell's \$7,000 will pass council I'll definitely add this work into the current deployment. I originally had planned the 25,000 for the spring, as you probably know. But as long as the \$7,000 is coming I'll contact the contractor as soon as I hear back from you.

I'm pretty slammed right now, but I will try to get those four estimates tomorrow. As long as I'm able to get those estimates tomorrow I'll send those to you tomorrow and maybe you can add those four to the \$7,000.

Thanks,

Craig Allen

Good Afternoon Craig –

I was able to speak with CM Blackwell and he would like to fund these – seems like a good bang for our buck.

I wanted to know if these locations will be taken care of with the current contractor work that's happening now? Or if this will be a different contractor deployment?

Also, I just entered the attached 4 sidewalk repair estimates (1 on Deady Drive and 3 on Mavis Court). Is it possible to include these in those estimates if they rate high/low enough?

Thanks!
Liz McQuillen

Liz,

I worked up an estimate for the known 4's and 5's in District 12. Just about all of these were noted while I was in the field yesterday. The total is \$32,000. The sidewalk repair budget will cover \$25,000 of that total can Councilman Blackwell appropriate the remaining \$7,000? Here is a list of the addresses.
