

**MINUTES OF THE MEETING  
OF THE  
LOUISVILLE METRO BOARD OF ZONING ADJUSTMENT**

**May 16, 2016**

A meeting of the Louisville Metro Board of Zoning Adjustment was held on May 16, 2016 at 8:30 a.m. at the Old Jail Building, located at 514 W. Liberty Street, Louisville, Kentucky.

**Members Present:**

Mike Allendorf, Chair  
Betty Jarboe, Vice Chair  
Rosalind Fishman, Secretary  
Lester Turner

**Members Absent:**

Paul Bergmann  
Lula Howard  
Dean Tharp

**Staff Members Present:**

Brian Davis, Planning & Design Manager  
Steve Hendrix, Planning & Design Supervisor  
Ross Allen, Planner I  
Jon Crumbie, Planning & Design Coordinator  
Joel Dock, Planner I  
Jon Baker, Legal Counsel  
Sue Reid, Management Assistant  
Kristen Loeser, Management Assistant

The following cases were heard:

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**APPROVAL OF MINUTES**

**May 2, 2016 BOARD OF ZONING ADJUSTMENT MEETING MINUTES**

**00:02:51** On a motion by Member Fishman, seconded by Vice Chair Jarboe, the following resolution was adopted:

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment does hereby **APPROVE** the minutes of the meeting conducted on May 2, 2016.

**The vote was as follows:**

**Yes: Members Fishman, Turner, Vice Chair Jarboe and Chair Allendorf**

**Absent: Members Tharp, Howard and Bergmann**

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16VARIANCE1022**

Request:	Variances to allow the construction of a proposed Garage (Accessory Structure) to encroach into the side yards setbacks and rear yard setback.
Project Name:	955 Barret Avenue
Location:	955 Barret Avenue
Owner:	Peter L. Bivens – Kentucky Shelters LLC.
Applicant:	Peter L. Bivens – Kentucky Shelters LLC.
Representative:	Peter L. Bivens – Kentucky Shelters LLC.
Jurisdiction:	Louisville Metro
Council District:	8 – Tom Owen
Case Manager:	Ross Allen, Planner I

The staff report prepared for this case was incorporated into the record. The Board members received this report in advance of the hearing, and this report was available to any interested party prior to the public hearing. (The staff report is part of the case file maintained at Planning and Design Services offices, 444 South 5<sup>th</sup> Street.)

**An audio/visual recording of the Board of Zoning Adjustment hearing related to this case is available on the Planning & Design Services website, or you may contact the Customer Service staff to view the recording or to obtain a copy.**

**Agency Testimony:**

**00:03:36** Steve Hendrix stated there were no changes, and the adjacent property owners have signed off (see staff report and recording for detailed presentation).

**The following spoke in favor of the request:**

Peter Bivens, 955 Barret Avenue, Louisville, KY (Mr. Bivens requested to speak prior to the Board Members' vote on this case).

**Summary of testimony of those in favor:**

**00:06:04** Peter Bivens stated the setbacks as stated were not as requested (see recording for detailed presentation).

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16VARIANCE1022**

**00:08:10** Steve Hendrix clarified that the Staff Report is in error; for the side yard setbacks, the Requirement is 2', the Request is 0', and the Variance is 2'; for the rear yard setback, the Requirement is 5', the Request is 3', and the Variance is 2' (see recording for detailed presentation).

**00:10:09** Chair Allendorf asked if these numbers were noticed to the public that signed off on everything, and Mr. Hendrix stated they were and the error was just a typo (see recording for detailed presentation).

**The following spoke in opposition to the request:**

No one spoke.

**00:03:46 Board Members' deliberation**

**00:04:01** On a motion by Member Fishman, seconded by Member Turner, the following resolution was adopted:

**Variance #1 from LDC Section 5.4.1.E.5 to allow a proposed garage to encroach into the minimum required side yard setback along the north and south property lines:**

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare since the applicant is proposing to construct a garage that is replacing an existing garage at the rear of their property. The proposed garage will build to line in the side yard setbacks and will have 18 inch thick brick layer which meets or exceeds Kentucky Building Code for fire rated construction, and

**WHEREAS**, the Board further finds that the requested variance will not alter the essential character of the general vicinity since the existing garage, though smaller (one story), is closer to the side yards, both northern and southern adjacent properties, similar to the setbacks of the proposed garage, and

**WHEREAS**, the Board further finds that the requested variance will not cause a hazard or nuisance to the public since no structures are built to either side of the proposed garage and the existing garage is at a lower grade than both northern and southern adjacent properties, and

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16VARIANCE1022**

**WHEREAS**, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations since the applicant is proposing to construct a garage with a greater setback than is currently the case with the existing garage. Furthermore, the many homes within the general vicinity have elongated lots with side setbacks that are not compliant to LDC code, and

**WHEREAS**, the Board further finds that the requested variance does not arise from special circumstances which do not generally apply to land in the general vicinity or the same zone since the applicant has a lot width of 25' ft. To comply with LDC the lot would require setbacks that are 5 feet in each side yard allowing for a structure to have a width of 15' ft. which limits construction in the general vicinity, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land or create an unnecessary hardship on the applicant since as stated previously the lot width limits construction on narrow width lots, and

**WHEREAS**, the Board further finds that the circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought because the applicant is requesting variances from LDC prior to undertaking any construction of the proposed garage; and

**Variance #2 from LDC Section 5.4.1.E.2 to allow a proposed garage to encroach into the minimum rear yard setback of 2 feet:**

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare since the applicant is proposing to construct a garage that is replacing an existing garage at the rear of their property. The proposed garage will build to line in the side yard setbacks and will have 18 inch thick brick layer which meets or exceeds Kentucky Building Code for fire rated construction, and

**WHEREAS**, the Board further finds that the requested variance will not alter the essential character of the general vicinity since the existing garage, though smaller, is closer to the rear property line than the proposed garage. In the general vicinity there is a two story carriage house which is set back from the alley curb by approximately 15 ft., and

**WHEREAS**, the Board further finds that the requested variance will not cause a hazard or nuisance to the public since no structures are built to either side of the

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16VARIANCE1022**

proposed garage, as well, the proposed garage will have a greater setback than the existing garage increasing width in the alley, and

**WHEREAS**, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations since the applicant is proposing to construct a garage with a greater setback than is currently the case with the existing garage. Furthermore, the many homes within the general vicinity have elongated lots with side setbacks that are not compliant to LDC code, and

**WHEREAS**, the Board further finds that the requested variance does not arise from special circumstances which do not generally apply to land in the general vicinity or the same zone since the applicant has a lot width of 25' ft. To comply with LDC the lot would require setbacks that are 5 feet in each side yard allowing for a structure to have a width of 15' ft. which limits construction in the general vicinity, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land or create an unnecessary hardship on the applicant since as stated previously the lot width limits construction on narrow width lots, and

**WHEREAS**, the Board further finds that the circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought because the applicant is requesting variances from LDC prior to undertaking any construction of the proposed garage; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16VARIANCE1022, does hereby **APPROVE** Variance #1 from LDC Section 5.4.1.E.5 to allow a proposed garage to encroach into the minimum required side yard setback along the north and south property lines (**Requirement 2'**, **Request 0'**, **Variance 2'**), and Variance #2 from LDC Section 5.4.1.E.2 to allow a proposed garage to encroach into the minimum rear yard setback by 2 feet (**Requirement 5'**, **Request 3'**, **Variance 2'**), based on the Staff Report.

**BOARD OF ZONING ADJUSTMENT MINUTES  
May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16VARIANCE1022**

**The vote was as follows:**

**Yes: Members Fishman, Turner, Vice Chair Jarboe and Chair Allendorf  
Absent: Members Tharp, Howard and Bergmann**

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16VARIANCE1018**

Request: Variance to allow a driveway and the edge of an attached garage to encroach into the minimum side yard setback.

Project Name: 551 Barberry Avenue  
Location: 551 Barberry Avenue  
Owner: Russell Smith  
Applicant: Rebecca D. Northup – Thomas, Dodson & Wolford, PLLC  
Representative: Rebecca D. Northup – Thomas, Dodson & Wolford, PLLC  
Jurisdiction: Louisville Metro  
Council District: 9 – Bill Hollander  
Case Manager: Ross Allen, Planner I

The staff report prepared for this case was incorporated into the record. The Board members received this report in advance of the hearing, and this report was available to any interested party prior to the public hearing. (The staff report is part of the case file maintained at Planning and Design Services offices, 444 South 5<sup>th</sup> Street.)

**An audio/visual recording of the Board of Zoning Adjustment hearing related to this case is available on the Planning & Design Services website, or you may contact the Customer Service staff to view the recording or to obtain a copy.**

**Agency Testimony:**

**00:11:42** Steve Hendrix stated there are no changes and the neighbors have signed off (see staff report and recording for detailed presentation).

**The following spoke in favor of the request:**  
No one spoke.

**The following spoke in opposition to the request:**  
No one spoke.

**00:11:51 Board Members' deliberation**

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16VARIANCE1018**

**00:12:04** On a motion by Vice Chair Jarboe, seconded by Board Member Turner, the following resolution was adopted:

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare since the applicant has an existing two car garage that has been in place prior to the current LDC regulations and is applying for relief from the current LDC, and

**WHEREAS**, the Board further finds that the requested variance will not alter the essential character of the general vicinity since many homes in the general vicinity were constructed in the mid 1930's, and

**WHEREAS**, the Board further finds that the requested variance will not cause a hazard or nuisance to the public since the 4 foot encroachment into the side yard setback does not encroach upon the adjacent property and to date has not created issue with the adjoining property north of the property line, and

**WHEREAS**, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations since setbacks would not have been present for the 1931 zoning regulations, and

**WHEREAS**, the Board further finds that the requested variance does not arise from special circumstances which do not generally apply to land in the general vicinity or the same zone since many of the homes in the general vicinity would have been constructed when (1930's) zoning would not have had setbacks at the time of construction, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulation would create an unnecessary hardship on the applicant since the applicant would be required to reconstruct the existing garage and driveway to conform to current LDC to be in compliance, and

**WHEREAS**, the Board further finds that the circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought since the applicant is requesting a variance to come into compliance with the Land Development Code as of April 26, 2016; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16VARIANCE1018, does hereby **APPROVE**, Variance from LDC

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16VARIANCE1018**

Section 5.3.1 table 5.3.1 Dimensional Standards – Residential Development to encroach into the minimum required side yard setback (**Requirement 5'**, **Request 1'**, **Variance 4'**), based on the Staff Report.

**The vote was as follows:**

**Yes: Members Fishman, Turner, Vice Chair Jarboe and Chair Allendorf**  
**Absent: Members Tharp, Howard and Bergmann**

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16CUP1016**

Request:	Modification of a Conditional Use Permit to allow a 6,000 square feet mechanical building addition
Project Name:	Norton Audubon Hospital expansion
Location:	One Audubon Plaza Drive
Owner:	HCP Louisville, Inc.
Applicant:	Norton Hospitals, Inc.
Representative:	Chris Brown
Jurisdiction:	Louisville Metro
Council District:	10 – Pat Mulvihill
Case Manager:	Jon E. Crumbie, Planning and Design Coordinator

The staff report prepared for this case was incorporated into the record. The Board members received this report in advance of the hearing, and this report was available to any interested party prior to the public hearing. (The staff report is part of the case file maintained at Planning and Design Services offices, 444 South 5<sup>th</sup> Street.)

**An audio/visual recording of the Board of Zoning Adjustment hearing related to this case is available on the Planning & Design Services website, or you may contact the Customer Service staff to view the recording or to obtain a copy.**

**Agency Testimony:**

**00:13:30** Jon Crumbie presented the case and showed a Powerpoint presentation (see staff report and recording for detailed presentation).

**The following spoke in favor of the request:**

No one spoke.

**The following spoke in opposition to the request:**

No one spoke.

**00:14:50** Board Members' deliberation

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 16CUP1016**

**00:15:41** On a motion by Vice Chair Jarboe, seconded by Board Member Turner, the following resolution was adopted:

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that Norton Hospitals Inc. was recently approved a revised plan and modified conditional use permit to allow an expansion of the existing medical facilities and its associated parking on the property at One Audubon Plaza Drive, and

**WHEREAS**, the Board further finds that the current proposal is a subsequent two story, 6,000 SF mechanical building addition. The need for this building was determined during the construction phase of the previously approved plans from cases 15CUP1049 and 15DEVPLAN1204, and

**WHEREAS**, the Board further finds that the addition is below the threshold for staff approval of the revised detailed district development plan, and

**WHEREAS**, the Board further finds that the modification of the conditional use permit is minor in nature, and

**WHEREAS**, the Board further finds that the plan conforms to all previous approved binding elements and conditions of approval; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16CUP1016, does hereby **APPROVE** the Modification of a Conditional Use Permit to allow a 6,000 square feet mechanical building addition per the site plan.

**The vote was as follows:**

**Yes: Members Fishman, Turner, Vice Chair Jarboe and Chair Allendorf**  
**Absent: Members Tharp, Howard and Bergmann**

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**BUSINESS SESSION**

**CASE NUMBER 14CUP1003**

**00:18:01** On a motion by Vice Chair Jarboe, seconded by Member Fishman, the following resolution was adopted:

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment does hereby **CONTINUE** Case Number 14CUP1003 to the June 6, 2016 Board of Zoning Adjustment hearing, based on the staff report acknowledging that both parties involved have agreed to the change of date.

**The vote was as follows:**

**Yes: Members Fishman, Turner, Vice Chair Jarboe and Chair Allendorf**  
**Absent: Members Tharp, Howard and Bergmann**

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16VARIANCE1013**

Request:	Variance from the Land Development Code to allow the construction of a proposed dormer to encroach into the minimum side yard setback.
Project Name:	1904 Stevens Avenue
Location:	1904 Stevens Avenue
Owner:	John Gatchel
Applicant:	John Gatchel
Representative:	John Gatchel
Jurisdiction:	Louisville Metro
Council District:	8 – Tom Owen
Case Manager:	Ross Allen, Planner I

**Note: This case was heard out of order, as the second Public Hearing item.**

The staff report prepared for this case was incorporated into the record. The Board members received this report in advance of the hearing, and this report was available to any interested party prior to the public hearing. (The staff report is part of the case file maintained at Planning and Design Services offices, 444 South 5<sup>th</sup> Street.)

**An audio/visual recording of the Board of Zoning Adjustment hearing related to this case is available on the Planning & Design Services website, or you may contact the Customer Service staff to view the recording or to obtain a copy.**

**Agency Testimony:**

**00:20:54** Ross Allen presented the case and showed a Powerpoint presentation. Mr. Allen responded to questions from the Board Members (see staff report and recording for detailed presentation).

**The following spoke in favor of the request:**

Dan Madryga, 414 Baxter Avenue, Suite 101, Louisville, KY

**Summary of testimony of those in favor:**

**00:24:04** Dan Madryga spoke in favor of the request (see recording for detailed presentation).

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16VARIANCE1013**

**The following spoke in opposition to the request:**

No one spoke.

**00:25:08      Board Members' deliberation**

**00:25:45**      On a motion by Member Fishman, seconded by Member Turner, the following resolution was adopted:

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare since the proposed dormer encroaching within the minimum side yard setback will be in accordance with fire code regulations. However, along the western side there is approximately 12 inches between each structures guttering and property lines are hard to determine since a 42 inch sidewalk runs between the two properties, and

**WHEREAS**, the Board further finds that the requested variance will not alter the essential character of the general vicinity since the dormer addition will consist of materials that are currently matching the principal structure. Many of the homes in the general vicinity sit in close proximity to the property lines, and

**WHEREAS**, the Board further finds that the requested variance will not cause a hazard or nuisance to the public since the proposed dormers will be setback from the front façade of the existing house. This will reduce the visual impact when viewed from the street. However, along the western side there is approximately 12 inches between each structures guttering, and

**WHEREAS**, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations since the dormer will not encroach any farther than the existing setback conditions of the house, and

**WHEREAS**, the Board further finds that the requested variance arises from special circumstances which do not generally apply to land in the general vicinity or the same zone since many of the homes on the same side of the street have setbacks less than 3 feet while many homes on the northern side of Stevens Ave. have setbacks greater than or equal to the required three feet, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land or

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16VARIANCE1013**

create an unnecessary hardship on the applicant since the current zoning regulations would prevent the dormer from providing code compliant head clearance above an existing staircase, and

**WHEREAS**, the Board further finds that the circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought since the applicant has not undertaken any construction to date; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment in Case Number 16VARIANCE1013 does hereby **APPROVE** Variance from LDC Section 5.2.2 table 5.2.2 to encroach into the minimum side yard setback of 3 feet (**Requirement 3', Request .77', Variance 2.23'**), based on the Staff Report, the discussion, and the presentation.

**The vote was as follows:**

**Yes: Members Fishman, Turner, Vice Chair Jarboe and Chair Allendorf**  
**Absent: Members Tharp, Howard and Bergmann**

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16VARIANCE1011**

Request: Variance from the Development Code (St. Matthews) to allow a proposed fence to exceed the maximum height.

Project Name: 230 Monohan Drive

Location: 230 Monohan Drive

Owner: Natalie Wilkerson

Applicant: Kurt Legel

Representative: Kurt Legel

Jurisdiction: City of St. Matthews

Council District: 26 – Brent T. Ackerson

Case Manager: Ross Allen, Planner I

**Note: This case was heard out of order, as the third Public Hearing item.**

The staff report prepared for this case was incorporated into the record. The Board members received this report in advance of the hearing, and this report was available to any interested party prior to the public hearing. (The staff report is part of the case file maintained at Planning and Design Services offices, 444 South 5<sup>th</sup> Street.)

**An audio/visual recording of the Board of Zoning Adjustment hearing related to this case is available on the Planning & Design Services website, or you may contact the Customer Service staff to view the recording or to obtain a copy.**

**Agency Testimony:**

**00:27:54** Ross Allen presented the case and showed a Powerpoint presentation. Mr. Allen responded to questions from the Board Members (see staff report and recording for detailed presentation).

**The following spoke in favor of the request:**

Natalie Wilkerson, 230 Monohan Drive, Louisville, KY

**Summary of testimony of those in favor:**

**00:32:41** Natalie Wilkerson spoke in favor of the request and responded to questions from the Board Members (see recording for detailed presentation).

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16VARIANCE1011**

**The following spoke in opposition to the request:**

No one spoke.

**00:36:56      Board Members' deliberation**

**00:37:28**      On a motion by Vice Chair Jarboe, seconded by Member Fishman, the following resolution was adopted:

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare since the fence is outside of the sight triangle (corner of Monohan Dr. and Winchester Road) and does not encroach within the public right of way, and

**WHEREAS**, the Board further finds that the requested variance will not alter the essential character of the general vicinity since two homes north of the applicant's property along Winchester Road have fences similar fences, and

**WHEREAS**, the Board further finds that the requested variance will not cause a hazard or nuisance to the public since the proposed fence will be within the applicant's side yard area setback at a distance of approximately 19 feet from the edge of pavement on Winchester Road and approximately 36 feet from the edge of pavement on Monohan Drive, and

**WHEREAS**, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations since zoning regulations permit fences up to a height of 4 feet, the applicant is proposing 6 feet height outside of the sight triangle and not encroaching in the public right of way for privacy, and

**WHEREAS**, the Board further finds that the requested variance does not arise from special circumstances which do not generally apply to land in the general vicinity or the same zone since properties in the general vicinity have similar size and style fences, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land and create an unnecessary hardship on the applicant since the proposed fence is for privacy along a local road (Winchester Ave.). The applicant states that

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16VARIANCE1011**

Winchester Road is heavily travelled by walkers and vehicles and the fence screens the private yard area for unwanted noise, and

**WHEREAS**, the Board further finds that the circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought since the applicant has not undertaken any construction to date; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16VARIANCE1011, does hereby **APPROVE** Variance from the Development Code (St. Matthews) Section 9.1.B.1.a to allow a proposed fence height to exceed the maximum 4' height in a street side yard (**Requirement 4'**, **Request 6'**, **Variance 2'**), based on the applicant's justification of seeking privacy on a corner lot and the yard dimensions do not seem to interfere with any other residential areas, and the Staff Report.

**The vote was as follows:**

**Yes: Members Fishman, Turner, Vice Chair Jarboe and Chair Allendorf**  
**Absent: Members Tharp, Howard and Bergmann**

**Agency Testimony:**

**00:40:31** Joel Dock presented the case and showed a Powerpoint presentation. Mr. Dock responded to questions from the Board Members (see staff report and recording for detailed presentation).

**The following spoke in favor of the request:**

Kelley Parker, Lockett & Farley, 737 S. Third Street, Louisville, KY

**Summary of testimony of those in favor:**

**00:45:11** Kelley Parker spoke on behalf of the applicant in favor of the request and responded to questions from the Board Members (see recording for detailed presentation).

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16VARIANCE1017**

**The following spoke in opposition to the request:**

No one spoke.

**00:46:53      Board Members' deliberation**

**00:47:40**      On a motion by Member Fishman, seconded by Member Turner, the following resolution was adopted:

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety, or welfare as the proposed additional height does not appear to impact site lines for safe pedestrian or vehicular movement on nearby roadways, and

**WHEREAS**, the Board further finds that the requested variance will not alter the essential character of the general vicinity as the site is surrounded by, and proposed to be surrounded by, a nursing facility and a mixture of commercial uses to which the architectural style of the proposed structure will be compatible, and

**WHEREAS**, the Board further finds that the requested variance will not cause a hazard or nuisance to the public as the proposed use and height necessary for the proposed architectural style of this use will provide a potential 1st order good or service to nearby residents and is connected by public sidewalks to other nearby establishments, and

**WHEREAS**, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations as the proposed style of architecture is compatible with surrounding uses within the immediate vicinity and the wider area, as well as being below the maximum height for residential uses within the same form district, and

**WHEREAS**, the Board further finds that the variance does not arise from special circumstances which do not generally apply to land in the general vicinity or the same zone as all non-residential uses under 5,000 SF within the Neighborhood form district are restricted to a maximum building height of 25 feet, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land as the proposed style of architecture for the proposed bank is compatible with

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16VARIANCE1017**

nearby uses. Additionally, the proposed height does not create any adverse risk to the public health, safety, or welfare or cause a nuisance to the public, and

**WHEREAS**, the Board further finds that the circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16VARIANCE1017, does hereby **APPROVE** Variance from the Land Development Code (LDC) Section 5.3.1.C to allow the height of a proposed structure to exceed the maximum requirement (**Requirement 25', Request 27'5", Variance 2'5"**), based on the discussion and the Staff Report.

**The vote was as follows:**

**Yes: Members Fishman, Turner, Vice Chair Jarboe and Chair Allendorf**  
**Absent: Members Tharp, Howard and Bergmann**

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16CUP1009**

Request:	Modified Conditional Use Permit and landscape waiver to allow additional storage units in a C-2 zoning district
Project Name:	Mini-Warehouse Facility
Location:	8202 and 8204 National Turnpike
Owner:	Valley Station Towne Center, LLC
Applicant:	Land Design & Development
Representative:	Derek Triplett
Jurisdiction:	Louisville Metro
Council District:	13 – Vicki Welch
Case Manager:	Jon E. Crumbie, Planning and Design Coordinator

The staff report prepared for this case was incorporated into the record. The Board members received this report in advance of the hearing, and this report was available to any interested party prior to the public hearing. (The staff report is part of the case file maintained at Planning and Design Services offices, 444 South 5<sup>th</sup> Street.)

**An audio/visual recording of the Board of Zoning Adjustment hearing related to this case is available on the Planning & Design Services website, or you may contact the Customer Service staff to view the recording or to obtain a copy.**

**Agency Testimony:**

**00:50:30** Jon Crumbie presented the case and showed a Powerpoint presentation. Mr. Crumbie responded to questions from the Board Members (see recording for detailed presentation).

**The following spoke in favor of the request:**

Ann Richard, Land Design & Development, 503 Washburn Ave., Louisville, KY 40222

**Summary of testimony of those in favor:**

**00:56:08** Ann Richard spoke in favor of the request and responded to questions from the Board Members (see recording for detailed presentation).

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16CUP1009**

**01:03:26     Board Members' deliberation**

**01:06:59**     On a motion by Vice Chair Jarboe, seconded by Member Fishman, the following resolution was adopted:

**Modified Conditional Use Permit to allow additional storage units in a C-2 zoning district:**

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the property shall be landscaped so as to blend in with the surrounding area and shall be screened and buffered from adjacent uses of a non-industrial nature, and

**WHEREAS**, the Board further finds that Item B of the Standard of Review and Staff Analysis for Conditional Use Permits on page 3 of the Staff Report is modified to allow the proposed Mini-Warehouse to be located along the south property line, and

**WHEREAS**, the Board further finds that no outside storage shall be allowed on the property, and

**WHEREAS**, the Board further finds that no storage of toxic or hazardous materials shall be allowed on the property, and

**WHEREAS**, the Board further finds that there shall be no retail or wholesale sales or distributing activities on site, and

**WHEREAS**, the Board further finds that no structure on the site shall be taller than one story and shall not exceed 15 feet in height (except for one freestanding sign as allowed below), and

**WHEREAS**, the Board further finds that only one freestanding sign shall be allowed and shall conform to limits established for the form district in which the sign is located; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16CUP1009, does hereby **APPROVE** the Modified Conditional Use Permit to allow additional storage units in a C-2 zoning district, based on the applicant's justifications and the site plan.

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16CUP1009**

**The vote was as follows:**

**Yes: Members Fishman, Vice Chair Jarboe and Chair Allendorf**

**No: Member Turner**

**Absent: Members Tharp, Howard and Bergmann**

**01:09:00** On a motion by Vice Chair Jarboe, seconded by Member Fishman, the following resolution was adopted:

**Landscape Waiver to allow an easement overlap along the front property line:**

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the waiver will not adversely affect adjacent property owners since the area is located along the front property line adjacent to National Turnpike, and

**WHEREAS**, the Board further finds that Guideline 3, policy 9 calls for the protection of the character of residential areas, roadway corridors and public spaces from visual intrusions and mitigate when appropriate. Guideline 3, policies 21 and 22 calls for appropriate transitions between uses that are substantially different in scale and intensity or density, and to mitigate the impact caused when incompatible developments occur adjacent to one another through the use of landscaped buffer yards, vegetative berms and setback requirements to address issues such as outdoor lighting, lights from automobiles, illuminated signs, loud noise, odors, smoke, automobile exhaust or other noxious smells, dust and dirt, litter, junk, outdoor storage, and visual nuisances. Guideline 3, policy 24 states that parking, loading and delivery areas located adjacent to residential areas should be designed to minimize the impacts from noise, lights and other potential impacts, and that parking and circulation areas adjacent to streets should be screened or buffered. Guideline 13, policy 4 calls for ensuring appropriate landscape design standards for different land uses within urbanized, suburban, and rural areas. The intent of landscape buffer areas is to create suitable transitions where varying forms of development adjoin, to minimize the negative impacts resulting from adjoining incompatible land uses, to decrease storm water runoff volumes and velocities associated with impervious surfaces, and to filter air borne and water borne pollutants, and

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16CUP1009**

**WHEREAS**, the Board further finds that the extent of the waiver of the regulation is the minimum necessary to afford relief to the applicant since the waiver would allow landscaping along the front property line, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land since landscaping would not be allowed in the easement, and

**WHEREAS**, the Board further finds that the required plantings will still be added. Being that there is no landscaping in the right-of-way currently, this will be an upgrade from existing conditions, and

**WHEREAS**, the Board further finds that the required plantings will still be installed; providing vehicular use area screening and tree canopy, and

**WHEREAS**, the Board further finds that the requested waiver is the minimum necessary to afford relief to the applicant, and

**WHEREAS**, the Board further finds that strict application of the regulation would create an unnecessary hardship on the applicant. Due to numerous utility easements running across the front of the property, in order for the landscape buffer area to have less than a 50% overlap of utility easement, it would have to be 35' from the property line. This is an unreasonable distance to satisfy a 15' LBA requirement. The intent of the regulation will be met by providing the required plantings and screening, which is greater than the majority of the neighboring properties, most of which have zero screening along the right-of-way; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16CUP1009, does hereby **APPROVE** the Landscape Waiver to allow an easement overlap along the front property line (**Requirement 50%, Request 100%, Waiver 50%**), based on the Staff Report Standard of Review and Staff Analysis for Waivers on page 2 and 3 and the applicant's justification on page 7 of 8.

**The vote was as follows:**

**Yes: Members Fishman, Turner, Vice Chair Jarboe and Chair Allendorf**  
**Absent: Members Tharp, Howard and Bergmann**

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**03:33:17** Marilyn Weaver spoke in opposition to the request (see recording for detailed presentation).

**REBUTTAL:**

**03:35:56** Mark Madison spoke in rebuttal. Mr. Madison stated that Mr. McGinty had been present this morning and filled out a speaker form to speak in favor of this request, however, he had to leave. Mr. Madison responded to questions from the Board Members (see recording for detailed presentation).

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 15CUP1045**

**03:43:24** Robert Carter spoke in rebuttal and responded to questions from the Board Members (see recording for detailed presentation).

**03:51:57** Mark Madison spoke in rebuttal along with Mr. Carter in response to questions from the Board Members (see recording for detailed presentation).

**03:55:04** Theresa Cardwell asked a question of Mr. Carter in regard to expansion of this project. Jon Baker, Legal Counsel, responded to Ms. Cardwell as to what would be allowed in the event this case is approved (see recording for detailed presentation).

**03:56:33 Board Members' deliberation**

**04:08:40 Public Hearing reopened to allow Mr. Carter to respond to questions from the Board Members (see recording for detailed presentation).**

**04:13:20 Board Members' deliberation**

**04:24:09** On a motion by Member Fishman, seconded by Member Turner, the following resolution was adopted:

**Conditional Use Permit to allow an earth excavation/fill, minor operation in an R-4 zoning district:**

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the proposal is consistent with the applicable policies of the Comprehensive Plan. No lighting or signage will be added. The applicant is proposing landscaping along a portion of the east property line. Right-of-way dedication and sight line clearing required, and

**WHEREAS**, the Board further finds that the subject site is located in an area that has a number of large tracts of land. This proposal will be compatible with these uses with respect to drainage, odor and appearance, and

**WHEREAS**, the Board further finds that the proposal has been reviewed by Public Works and MSD and both have approved the plan. The Fairdale Fire Protection District did not comment on the proposal, and

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 15CUP1045**

**WHEREAS**, the Board further finds that a plan for minor excavations and/or filling must receive approval from the Metropolitan Sewer District, and the director of the Planning Commission with review and comment by the Soil Conservation Service. **Staff did not receive any comments from the Soil Conservation Service**, and

**WHEREAS**, the Board further finds that no excavation shall be below the normal water table, nor shall such operation have an adverse effect on the supply, quality, or purity of ground water or wells, and

**WHEREAS**, the Board further finds that the finished surface of the site shall bear the proper relationship to that of adjoining properties, and

**WHEREAS**, the Board further finds that excavation and fill materials shall be moved off and on the site in vehicles approved by the City of Louisville and Jefferson County, and

**WHEREAS**, the Board further finds that the operation shall be conducted so as not to create a nuisance or cause undue noise, vibration, dust, odor, or candescence to adjacent properties. The premises shall be kept in a neat and clean condition at all times. No loose paper or debris shall be allowed on the site except on areas where active filling operations are taking place. Dusty conditions shall be corrected by sprinkling with water or by the use of calcium chloride or some other approved method. No fires shall be permitted. Any smoldering flame or spontaneous combustion shall be immediately extinguished, and

**WHEREAS**, the Board further finds that in no event will the premises be used for salvage operations of any kind. No separation or picking of waste materials will be permitted. All unacceptable fill materials as noted elsewhere in this section shall be removed from the premises immediately after delivery, and

**WHEREAS**, the Board further finds that no building or structure shall be erected in connection with the operation, and

**WHEREAS**, the Board further finds that fill material shall be limited to nonpolluting, inorganic, non-combustible materials and soil. Rubber tires, dead animals, and by-product wastes of a gaseous liquid, or semi-liquid nature such as tar, paints, solvents, sludge, rubber, and plastics and other flame or fume producers shall not be permitted as fill material, and

**WHEREAS**, the Board further finds that time limits and stabilization measures on completion shall be specified; now, therefore be it

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**May 16, 2016**

**PUBLIC HEARING**

**CASE NUMBER 15CUP1045**

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 15CUP1045, does hereby **APPROVE** the Conditional Use Permit to allow an earth excavation/fill, minor operation in an R-4 zoning district, based on the discussion, the input from members of the audience, testimony from the owner, and the Staff Report Standard of Review and Staff Analysis for Conditional Use Permits, especially items A through H and J on pages 2 and 3, and **SUBJECT** to the following Conditions of Approval:

**Conditions of Approval**

1. The site shall be developed in strict compliance with the approved development plan (including all notes thereon). No further development shall occur on the site without prior review and approval by the Board.
2. The Conditional Use Permit shall be "exercised" as described in KRS 100.237 within two years of the Board's vote on this case. If the Conditional Use Permit is not so exercised, the site shall not be used for an earth excavation/minor fill operation without further review and approval by the Board.
3. Neighborhood Protection - The operation shall be conducted in such a manner as to offer protection to the neighborhood against possible detrimental effects, taking into consideration the physical relationship to surrounding properties and access to the site including any nearby local (residential) streets.
4. All deliveries of materials to the site shall be done between the hours of 7:00 A.M. and 6:00 P.M. on weekdays only.
5. With the berm itself, the majority of the dirt is to be brought in and not out with the exception of the general notes under the site plan that was dated April 7, 2016, Number 9, which indicates that all fill material should be limited to non-polluting, inorganic, non-combustible materials and soil. Rubber tires, dead animals and by-product waste of gases, liquid, or semi-liquid nature such as tar, paints, solvents, sludge, rubber, plastics and other flame or fume products shall not be permitted as fill material.
