444 South Fifth Street  
Louisville, KY 40202

**VIA: HAND DELIVERED**

**From:** Michael S. Evans, P.E., P.L.S.

**Date:** March 9, 2017

**Subject:** Ramada & LaQuinta Hotels-- 2700 Block of Fern Valley Road -- Required Renderings

The required renderings of the hotels cannot be submitted at this time. The design of the facades for each hotel is in process, but many decisions will need to be made over the next few days and weeks. Suffice it to say the existing hotel will get a significant facelift and design elements will be incorporated that give each hotel their recognizable brand name while at the same time the two structures will be compatible sitting on basically the same site.

The architect anticipates renderings will be available at the time the project is docketed for waiver considerations.
