Maria,
Could you please send an email response affirming that this office should appropriate \$1,500 of CIF funds to be sent to your office for the removal of the tree at 828 Fetter Ave. that was diseased and located in the public ROW. We are in possession of a check from the constituent payable to Metro Louisville for \$500 as their portion of this expense. I need something from your office to submit with the paperwork that goes to the Appropriations Committee. Thanks very much.
