Staff Report

April 25, 2019

Case No:	19SUBDIV1003
Project Name:	Cedar Creek Conservation Sub
Location:	10803 Cedar Creek Rd
Owner(s):	Patricia Senninger Davis Living Trust
Applicant:	Theodore Senninger
Jurisdiction:	Louisville Metro
Council District:	22 – Robin Engel
Case Manager:	Jay Lockett, AICP, Planner I

REQUEST(S)

- Revised Major Preliminary Subdivision

CASE SUMMARY/BACKGROUND

The applicant is proposing to construct 267 buildable lots on approximately 79.19 acres in the R-4 zoning district utilizing the Conservation Subdivision regulations found in Land Development Code section 7.11. The subdivision was previously approved under docket 18SUBDIV1013 and there is no change in the number of buildable lots proposed with the current request. An existing pond that was previously proposed to be removed is now to be preserved, and portions of the road network, lot locations and open space areas have been altered.

STAFF FINDING

The proposal is substantially similar to the previous approval. The subdivision is compliant with the Land Development Code including all provisions of the Conservation Subdivision regulations.

TECHNICAL REVIEW

There are no outstanding technical issues associated with this request.

INTERESTED PARTY COMMENTS

Staff has received no comments from interested parties concerning this request.

REQUIRED ACTIONS:

- **APPROVE** or **DENY** the **Revised Major Preliminary Subdivision**

3. Existing Conditions of Approval

1. The development shall be in accordance with the approved Residential Development Preliminary Plan. No further subdivision of the land into a greater number of lots than originally approved will occur without approval of the Planning Commission.
2. The applicant shall submit a plan for approval by Planning Commission staff showing trees/tree masses to be preserved prior to beginning any construction procedure (i.e. clearing, grading, demolition). Adjustments to the tree preservation plan which are requested by the applicant may be approved by Planning Commission staff if the revisions are in keeping with the intent of the approved tree preservation plan. The plan shall exhibit the following information:
 - a. Proposed site plan (showing buildings, edges of pavement, property/lot lines, easements, existing topography, and other significant site features (LOJIC topographic information is acceptable).
 - b. Preliminary drainage considerations (retention/detention, ditches/large swales, etc.).
 - c. Location of all existing trees/tree masses existing on the site as shown by aerial photo or LOJIC maps.
 - d. Location of construction fencing for each tree/tree mass designated to be preserved.
3. An original stamped copy of the approved Tree Preservation Plan shall be present on site during all clearing, grading, and construction activity and shall be made available to any DPDS inspector or enforcement officer upon request.
4. A note shall be placed on the preliminary plan, construction plan and the record plat that states, "Construction fencing shall be erected prior to any grading or construction activities - preventing compaction of root systems of trees to be preserved. The fencing shall enclose the area beneath the dripline of the tree canopy and shall remain in place until all construction is completed. No parking, material storage, or construction activities shall be permitted within the fenced area."
5. All street signs shall be installed by the Developer, and shall conform with the Manual on Uniform Traffic Control Devices (MUTCD) requirements. Street signs shall be installed prior to the recording of the subdivision record plat or occupancy of the first residence on the street, and shall be in place at the time of any required bond release. The address number shall be displayed on a structure prior to requesting a certificate of occupancy for that structure.
6. Open space lots shall not be further subdivided or developed for any other use and shall remain as open space in perpetuity. A note to this effect shall be placed on the record plat.
7. The developer shall be responsible for maintenance of all drainage facilities and undeveloped lots ensuring prevention of mosquito breeding, until such time as the drainage bond is released.
8. After release of the drainage bond, mosquito abatement on open space lots shall be the responsibility of the Homeowners Association. Accumulations of water in which mosquito larvae breed or have the potential to breed are required to be treated with a mosquito larvacide approved by the Louisville Metro Health Department. Larvacides shall be administered in accordance with the product's labeling. This language shall appear in the deed of restrictions for the subdivision.
9. Trees will be preserved and/or provided on site and maintained thereafter as required by Chapter 10, Part 1 of the Land Development Code and as indicated in the Tree Canopy Calculations on the Preliminary Subdivision Plan. The applicant shall submit a landscape plan for approval by Planning Commission staff for any trees to be planted to meet the Tree Canopy requirements of Chapter 10, Part 1 of the Land Development Code. A tree preservation plan

shall be submitted for review and approval for any trees to be preserved to meet the Tree Canopy requirements of Chapter 10.

10. The applicant shall submit a landscape plan for approval by Planning Commission staff showing plantings and/or other screening and buffering materials to comply with the Chapter 10 of the Land Development Code prior to recording the record plat. The applicant shall provide the landscape materials on the site as specified on the approved Landscape Plan prior to issuance of Certificates of Occupancy for the site.
11. Prior to the recording of the record plat, copies of the recorded documents listed below shall be filed with the Planning Commission.
 1. Articles of Incorporation in a form approved by Counsel for the Planning Commission and the Certificate of Incorporation of the Homeowners Association.
 2. A deed of restriction in a form approved by counsel of the Commission outlining responsibilities for the maintenance of open space.
 3. Bylaws of the Homeowners' Association in a form approved by Counsel for the Planning Commission.
12. At the time the developer turns control of the homeowners association over to the homeowners, the developer shall provide sufficient funds to ensure there is no less than \$3,000 cash in the homeowners association account. The subdivision performance bond may be required by the planning Commission to fulfill this funding requirement.
13. The signature entrance shall be submitted to the Planning Commission staff for review and approval prior to recording the record plat.
14. When limits of disturbance are shown on the plan, a note shall be placed on the preliminary plan, construction plan and the record plat that states, "Construction fencing shall be erected at the edge of the limits of disturbance area, prior to any grading or construction activities. The fencing shall remain in place until all construction is completed. No parking, material storage, or construction activities shall be permitted within the fenced area."
15. A deed restriction in a form approved by Counsel to the Planning Commission shall permanently prohibit further subdivision or development of conservations areas.
16. The applicant shall submit a Conservation Area Management Plan detailing the entities responsible for maintaining various elements of the property, and describing management objectives and techniques for each part of the property.
17. In the event the party responsible for maintenance of the Conservation Areas fails to maintain all or any portion in reasonable order and condition according to the Management Plan, Louisville Metro Government may assume responsibility for its maintenance and may enter the premises and take corrective action, including provision of extended maintenance. The cost of maintenance may be charged to the Management Entity, or the individual property owners according to the pro-rata share based on the Management Plan. Costs may include administrative costs in taking such actions as well as penalties as provided under these regulations. Such costs shall become a lien on all subdivision properties.
18. The developer shall work with the State of Kentucky and Louisville Metro Transportation to determine the best mitigation for the intersection of Mount Washington Road and Cedar Creek Road, whether that be a left-turn lane on Mount Washington Road, or a three-way stop, and to have that mitigation determined and outlined on the construction plans. However, construction does not need to be completed until mandated by the State.
