Subject: FW: Ramsey Middle School Q23001730
Attachments: 50704 SSI Sales - Quote Q23001730 (1).pdf

Angela,

The cost for the RRFB is attached. **The markings are estimated to cost an additional \$2,335. If CM Benson's office would like to move forward with this project Public Works is willing to accept \$12,325.75.**

Please let me know if you need anything else from me.

Thanks,

Stuart

Hi Stuart,

Please see the attached quote for the back-to-back, solar, S1-1, RRFB crosswalk. Shipping is not included in this estimate. Please let me know if you have any questions.

Also, I have been meaning to call you to check the status of some quotes, I hope to reach out at some point today, but if not today maybe tomorrow.

Thanks,
Lindsey

Lindsey,

Can you please provide a cost estimate for (2) back to back RRFB with 36" S1-1 school crossing sign assemblies (florescent yellow green) with actuation. Please provide the estimate with a solar panel, signage and downward arrows with push buttons and push button signs. They will be installed on 2 -2" square posts.

Thanks,

Stuart

Subject: RE: Ramsey Middle School

Amanda,

Louisville Metro Public Works has concluded our investigation for consideration of allowing Ramsey Middle School to install temporary stop signs at school start and dismissal times. We have reservations about doing this. As long as Ramsey is willing to meet some conditions we are willing to allow this on a temporary basis. First, the signs HAVE to be installed and removed in conjunction with the flasher times (6:55 AM to 7:55 AM and 2:05 PM to 3:05 PM). Second, we will require you to use 30" stop signs we will provide to the school to use free of charge. Third, you will have to agree to purchase and use the stop sign in a spring loaded stand for rigid signs (link to an option provided). Fourth, the signs and posts need to be outside of the right of way on weekends and extended periods of time school is not in session. Fifth, Ramsey Middle School has to permit LMPW to install a new traffic pattern ahead warning sign on school property.

Please let me know if you are comfortable with these conditions and we will schedule a rush project to install (4) new traffic pattern ahead warning signs on all approaches.

Thanks,

Stuart

Chris,

Will do. Is the request for the same time intervals as the school flashers (6:55 AM to 7:55 AM and 2:05PM to 3:05 PM)? Or do you need the other time intervals the flashers are active for Farmer Elementary School too?

Thanks,

Stuart

Stuart,

I just spoke with Amanda and the requested location for the temporary stop signs is 6409 Gellhaus Ln. essentially creating a 4 way stop at the intersection of Longview Farm Way and Gellhaus Ln. Could you please evaluate the area and advise. The assigned guard will be out for an extended period of time. Thank you for your help!

Thanks,

Chris N.

Everyone,

Because Billtown Rd is owned and maintained by KYTC they would be the approving entity. If it is being requested on Gellhaus Ln we would review.

Thanks,

Stuart

All,

To clarify, are you requesting that a stop sign be added as you leave the Carrithers Middle School campus, or are you requesting stop signs be added to the drive lanes (north and south) on Billtown Rd.? If the request is to have JCPS install on campus we can have that completed ASAP. If the sign is needed on Billtown Rd. metro's signs and markings will have to make that determination.

If the post is suspected to be vacant for a prolonged period of time we could also work with J-town PD as they are very receptive to placing uniform officers if they are available. If J-town PD were made aware that the post was to be vacant for a prolonged period of time they may be able to flex staff ahead of time instead of trying to pull daily at the last minute...Just a thought.

Thanks,

Good Morning,

The Louisville Metro Police Department and the Traffic Guards it employs take their responsibility for the safety of students and pedestrians at their assigned intersections throughout Louisville Metro seriously. Currently, we are below our authorized strength and do not have enough Traffic Guards to cover all the intersections with a need for traffic control. Currently, Ramsey Middle School does not have traffic control coverage and our office is filtering numerous concerns and complaints regarding the lack of traffic control in the morning and afternoon.

Ramsey Middle School information as follows:

Ramsey Middle School
6409 Gellhaus Lane
Louisville, KY 40299
Post Times: 6:55-7:45 AM / 2:15-2:55 PM

As a possible temporary solution, is it possible to have temporary stop signs placed at Ramsey Middle School to help control and assist motorists entering and exiting the school? We have also received a complaint regarding overgrown trees that are blocking the line of sight of motorists as they enter/exit the school driveway. Our office has contacted Metro311 regarding the overgrown trees.

Can you please advise if this is something you can accommodate, if not, can you please direct me to whom may assist?

Thanks and wishing you a most wonderful day.
