

To: Tom Owen,
 From Highlands: Douglass Neighborhood Association
 Grant Request: District 8, High School Freshmen Tree Giveaway

The Highlands Douglass Neighborhood Association (HDNA) would like to host a tree giveaway to all High School Freshman in District 8 Schools. The goal is to create a sustainable tree planting program for the district. If the number of trees planted every year equals or surpasses the number of trees that die every year, then we will achieve sustainability. Finding an economical long term method is necessary to help our tree canopy recover. A tree giveaway in either sufficient number, and/or with sufficient survival rates to maturity and old age could show to be the most economical long term solution. By engaging and recruiting students, we are helping utilize all members of the community to take ownership of our urban forest.

Atherton High School and Assumption High School have agreed to work in partnership with the HDNA to educate freshman on how to plant and maintain trees. Participation of the students is voluntary. We have two different options we are trying, which will determine what yields the most long term cost effective method. We will be planting \$0.55 trees which are 1' in height. They are bare root. We will also be planting trees that are between 1' and 2' and are in air pruned containers. Some trees will be given chicken wire mesh; others will not. We will compare the survival rate of the trees as the freshmen progress toward senior year.

We would like to request a grant in the amount of \$446.00 based on the following numbers:

Number of Freshman:
 Atherton = 300
 Assumption = 188
 Total Freshmen = 488.

1' trees will be purchased from the Kentucky Forestry Service for \$0.55.

1 gal trees will be purchased from Woody Warehouse for \$2.00.

Each person will receive a tree that has been wrapped in wet newspaper and a plastic bag.

Expense	Quantity	Price per unit	Total
1' Trees	452	\$0.55	\$247.00
Old Newspapers	452	free	\$0
Plastic bags	452	free	0\$
1 cup trees	30	\$3.00	\$90.00
Planting Care Handout	500	\$.10	\$50.00
Wire Mesh	50	\$1.25	\$50.00
Total			\$437.00

From our bylaws

Tenure

Directors each shall serve for a three-year term such that if the Board of Directors consists of 18 members six (6) Directors shall be elected at each such annual meeting. Each Director shall continue as Director until the earlier of such time as the annual meeting at which his or her term expires and until his or her successor has been elected and qualified. Directors may serve for successive terms.

There are no limits to how long a person can serve, the terms are 3 years each.

I just want to be clear. If they are 3 year terms – does that mean a person can only serve one 3 year term?

Importance: High

Will this documentation suffice for the term limits? If so can we have it added into the Grant for documentation?
