Re: 18NONCONFORM1002
1120 W. Ashland Avenue
Louisville, Kentucky 40215

This letter will serve notice that nonconforming use rights for a two family dwelling (duplex) have not been established for the property known as 1120 W. Ashland Avenue. The subject property lies within the R-5 Residential Single Family zoning district, which does not permit two family dwellings. This decision is based upon information provided in the application and Develop Louisville files.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Haberman", written over a circular stamp or mark.

Out of Sight — Out of Mind — Out of Business
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is unwise to see how a firm or product, however successful, will slip into the limbo of the forgotten if not persistently advertised.
 The City Directory is the natural medium for keeping a business or product name in the spotlight.

- * *In no case will official documents be accepted as proof where those documents do not specifically reference the use, either through the inclusion of a business name or type, or some other reference that identifies the actual use of the property. Nonconforming Use Policy

If the property has been cited by the Division of Inspections, Permits, and Licenses for a violation related to the land use, this process shall not substitute for an appeal of the citation to the Board of Zoning Adjustment. This process is not intended to confer a legal right to a nonconforming use and decisions rendered under this process are subject to appeal to the Board of Zoning Adjustment pursuant to Kentucky Revised Statutes Section 100.257.

Required for Submittal: Mailing labels to notify Adjoining Property Owners (APOs)

To meet the listed requirements, the applicant must provide documentation to substantiate the claim of nonconforming rights. Documentation includes, but is not limited to:

- Zoning maps from the time of commencement of the use to the present;
- A copy of the zoning regulations in effect at the time the use began (selected regulations from 1931 onward are available at <https://louisvilleky.gov/government/planning-design/land-development-code>);
- A copy of official documents for each year of the use's operation including, but not limited to, the following:
 1. The Certificate of Compliance from the Revenue Commission for each year of the use's operation showing the business name, or otherwise demonstrating on its face the existence of the use-continuous ownership of the property is not sufficient to demonstrate the existence of nonconforming rights*
 2. Copies of utility bills showing billing information for the use
 3. Copies of tax bills showing billing information for the use
- Copies of directory listings for each year of the use's operation (including telephone directories, Caron's/Polk's Directories, business association directories, Criss-Cross Directories, etc.)**
- Property Valuation Administration (PVA) records
- Three notarized affidavits from individuals attesting to their personal knowledge of the continuous, uninterrupted use of the property for the particular use in question. Affidavits, by themselves, will not suffice as the only evidence of existence for a nonconforming use; in other words, the applicant should submit other evidence along with notarized affidavits. Affidavits must contain specific information as to the affiant's knowledge of the use, and the basis for that knowledge.
- Other documents that substantiate the existence of a specific use, or structure on the property, such as newspaper articles or photographs
- Documentation should be provided back to the following year:
 - 1971 for property located within the original boundaries of the City of Louisville prior to merger.
 - 1943 for the remainder of Jefferson County prior to merger.

Planning & Design Services shall determine one of the following three conclusions:

1. *The nonconforming use rights have been established for the property.* If this is the conclusion, the property owner, or prospective property owner, is advised that any changes made to the use, or structure, shall result in a loss of nonconforming status. Any interested party can appeal the Planning & Design Services' determination to the Board of Zoning Adjustment pursuant to Kentucky Revised Statutes, Section 100.257.
2. *The nonconforming use rights have not been established for the property.* If this is the conclusion, the property owner, or prospective property owner, can appeal to the Board of Zoning Adjustment pursuant to KRS 100.257.
3. *No conclusion has been reached because of insufficient, or conflicting, evidence.* If this is the conclusion, the property owner, or prospective property owner, can provide additional documentation, or appeal the determination to the Board of Zoning Adjustment pursuant to KRS100.257.

If staff concludes that nonconforming rights exist, the property owner, or prospective property owner, Planning & Design Services shall issue a statement outlining the nonconforming rights. This statement must be recorded in the chain of title in the Office of the Clerk of Jefferson County, Kentucky to put others on notice of the establishment of nonconforming use.
