Re: Echo Trail Pump Station
2615 Echo Trail, Louisville KY 40245
Related Case #18subdiv1023

Dear Case Manager:

This request is for a Community Facility Review for a proposed Sanitary Sewer Pump Station in eastern Jefferson County at the address indicated above. The plan is to construct a pump station to serve the proposed JCPS school that is proposed on the adjacent site, 2601 Echo Trail. In addition to the adjacent school, this pump station will serve the already approved Echo Trail Subdivision and be sized to allow for sanitary service in the natural sewershed for this site. The pump station site will be accessed by a driveway off Echo Trail.

The pump station will be built to Louisville/Jefferson County MSD standards and be turned over to them upon completion of construction.

Please contact me if you have any question. Thanks in advance for your time and assistance in completing a review of this proposal.

Respectfully,

Justin Ray, P.E.

cc: Brad Rives
