

CIF, NDF, MAP OR PAV INTERAGENCY CHECKLIST

Interagency Name: Metro Public Works

Program/Project Name: Repaving of S. Pope Lick from Taylorsville Road to the first cross section of Rehl Road.

	Yes/No/NA
Request Form: Is the Request Signed by all Council Member(s) Appropriating Funding?	Yes
Request Form: If matching funds are to be used, are they disclosed with account numbers in the request form description?	Yes
Request Form: If matching funds are to be used, does the amount of the request exclude the matching fund amount?	NA
Request Form: If other funds are to be used for this project, are they disclosed with account numbers in the request form description?	Yes
Funding Source: If CIF is being requested, does Metro Louisville own/will own the real estate, building or equipment? If not, the funding source is probably NDF.	Yes
Funding Source: If CIF is being requested, does the project have a useful life of more than one year? If not, the funding source is probably NDF.	Yes
Ordinance Required: Is the NDF request to a Metro Agency greater than \$5,000? If so, an ordinance is required.	Yes
Ordinance Required: Is the request a transfer from NDF to cost center? If so, is the amount given for the fiscal year \$25,000 or less?	NA
Supporting Documentation: Does the attachment include a valid estimate and description of cost?	Yes

Stop the presses!! D20 has decided to supply all the amount remaining from their CIF and submitted that request today. So, we now have the entire \$175,000 need to do this road. Thanks so much District 20!!

Beth

Andrew the most I have come up with is \$134,286.55. Can you figure out how to use just that and pave the worse parts of S. Pope Lick?

Thanks,

Beth

Yes, your take on it is correct from what I know.

Subject: RE: PAVING NEED UPDATE - RE: cost estimate to repave S. Pope Lick from Taylrosville Rd to Poplar Lane

Before I say anything let me say I don't know these roads and which comes first... But I want to make certain what we are saying.

If we were to pave from Taylorsville Rd to the first intersection with Rehl Road it would be \$175,000 If we were to pave from Taylorsville Rd to Poplar Lane it would be \$265,000

Correct? And if so, we have decided to shorten the span to just the \$175,000. On our "wish list" we had paving from Taylorsville Rd to Poplar Lane estimated at \$60,000 and no one knows where that number came from (and it does not matter at this point). On the PAV request I still had the wording from Taylorsville Rd to Poplar Lane and funded \$89,000. District 20 has committed to using CIF for an additional \$40,000. I have identified another \$5,000 from old Republican CIF pool, but that leaves us short by \$40,714. I have not finished evaluating "old" projects to see if there are remaining funds, but before I did much more on this I wanted to make certain I had it "right". If so, are there any other options?

Thanks

Beth

Angela,

To pave S. Pope Lick Road from Taylorsville Road to the first intersection with Rehl Road would be \$175,000 (rating 46/100). To pave from the 2nd intersection with Rehl Road to Poplar Lane would be \$90,000 (rating 58/100). The section between the Rehl Road intersections is in good condition.

Thanks,

Andrew

Subject: cost estimate to repave S. Pope Lick from Taylrosville Rd to Poplar Lane

Andrew,

I know this is short notice, but can we get 2 cost estimates on how much it would be to repave S. Pope Lick Road from Taylorsville Road to Poplar Lane or S. Pope Lick from Taylorsville Road to Rehl Road?

Angela Webster
