Subject: Ujima Neighborhood Place Family Store

Mr. Weathers,

Thank you for your call yesterday. It was a pleasure to see you and Councilwoman Green at the National Night Out event last week.

As you are aware Neighborhood Place is a partnership of public sector agencies that have come together to create a network of community based, one-stop service centers. The purpose is to provide blended and accessible health, education, employment and human services that support children and families in their progress toward self-sufficiency. Our Neighborhood Place Ujima family store is one of our avenues to help families in their journey toward self-sufficiency. The family store assists in closing the gap on items families may not be able to purchase with their SNAP EBT card. These items such as home cleaning supplies, toiletry items, diapers, toothpaste, deodorant, shampoo, toothbrushes, razors etc. are available to families who are seeking services at Ujima Neighborhood Place. The store is a strong sustenance to many families in emergency need of these items when there is not any other alternative.

Respectfully,
Elisa
