GENERAL NOTES:

- Parking areas and drive lanes to be a hard and durable surface.
- State Highway encroachment permit will be required for any work in the state right-of-way.
- No increase in drainage run off to state roadways.
- There shall be no commercial signs in the right-of-way.
- Site lighting shall not shine in the eyes of drivers. If it does it shall be re-aimed, shielded, or turned off.
- Construction fencing shall be erected prior to any construction or grading activities preventing compaction of root systems of trees to be preserved. The fencing shall enclose the area beneath the drip line of the tree canopy and shall remain in place. No parking, material storage, or construction activities shall be permitted within the fenced area.
- Mitigation measures for dust control shall be in place during construction to prevent fugitive particulate emissions from reaching existing roads and neighboring properties.
- Compatible utilities shall be placed in a common trench unless otherwise required by appropriate agencies.
- Wheel stops or curbing, at least six inches high and wide, shall be provided to prevent vehicles from overhanging abutting sidewalks, properties or public right-of-ways, to protect landscaped areas and adjacent properties. Wheel stops shall be located at least (3) feet from any adjacent wall, fence, property line, woody vegetation, walkway or structure.
- Upon development or re-development of the adjacent properties, a unified access and circulation system shall be developed to eliminate pre-existing curb cuts and provide for vehicular movement throughout adjacent sites as determined appropriate by the Department of Public Works. A Cross Access agreement to run with the land and in a form acceptable to the Planning Commission legal counsel shall be recorded prior to the time of construction approval for the adjacent property to be developed.
- Construction plan bond and KTC permit will be required prior to construction approval by Metro Public Works.
- No Karst features were observed on site during a site visit on July 31, 2020, by Ann Richard, R.L.A.
- A 6 ft. tall continuous wood privacy fence shall be provided around the Outdoor Dining Area to provide compliance with Section 4.2.41.D.

MSD NOTES:

- Construction plans and documents shall comply with Louisville and Jefferson County Metropolitan Sewer District Design Manual and Standard Specifications and other local, state and federal ordinances.
- Sanitary sewer service will be provided by lateral extension and subject to applicable fees. A Downstream Facilities Capacity request has been approved by MSD by letter dated August 6, 2020. Sewer line shall be installed at minimum grade to allow the upstream sewer shed to be served.
- No portion of the site is within the 100 year flood plain per FIRM Map No. 21111 C 0062 E dated December 5, 2006.
- Drainage pattern depicted by arrows (=>) is for conceptual purposes.
- If the site has thru drainage an easement plot will be required prior to MSD granting construction plan approval.
- Site is subject to regional facilities fees. The existing downstream storm system shall be analyzed all the way to the end of the headwall located at the southwest corner of 8740 Park Laureate Dr. In addition the first catch basin located closest to the site property line shall be changed to be a headwall and both swales into the new headwall shall be defined for capacity. If at the construction plan phase the analysis shows capacity is not available, detention may be required.
- All drainage, EPSC and Water Quality practices shown on this plan are for conceptual purposes only. Final design of these elements will be determined prior to construction plan approval and shall comply with all MS4 and MSD Design Manual requirements.
- This project is subject to MS4 Water Quality Regulations once the incremental area of disturbance sums equal to or greater than 1 acre of disturbance. Per this preliminary development plan, the area of disturbance is 14,659 S.F.
- MSD drainage bond required prior to construction plan approval.
- Jefferson County approval required prior to MSD Construction Plan approval.
