It may be a whole new PO altogether but that is a question on how the District wants to proceed. And if they are ok with letting these receptacles go on that condition.

Carrie,

It's your call.

I am not sure how that works with Louisville Metro. The original PO plus an additional PO would be fine. Or a new PO all together.

Thanks,  
Darrell

So are you stating that the first PO should be cancelled out, and a new one entered for this amount that shows an increase in pricing of \$573.15?

Carrie,  
If this is the case we will need additional funds to proceed.

Antonio,

The original proposal was ordered under 2014 pricing. I was able to hold that pricing because the order was placed in January. Dumor will not hold that same pricing now. That along with a change in the installation cost is the reason for the difference in the two proposals.

Thanks,  
Darrell

Darrell,

In reading the invoice I noticed that it is for the amount of \$8,823.13 are you asking for an additional \$8,823.13 or just the \$573.15 for a freight charge? Either way I cannot issue a new PO for this amount if there is still a current PO open, which would be the first PO I sent over. Or if you are requesting a PO just for the freight charges one cannot be issued through my department.

Carrie,

Do you have anything to add?

Antonio,

Here is the new proposal for the receptacles. The customer that was mentioned in the earlier email has decided to purchase all seven of the receptacles that is stored there. I will make arrangements with you to pick those up either Friday this week or Monday of next week. To place the order, just sign the proposal and send it back to me along with a PO and I will get the receptacles ordered and on their way.

Please let me know if you have any questions.

Thank you very much,

Antonio,

I apologize for taking a while to get back to you. I have a customer that would like to purchase five of those receptacles that you have stored. This would cut down on the return shipping and restocking fee. I will send a revised proposal for the new receptacles and restocking fees as soon as possible.

Thank you very much,  
Darrell Pryor

Good Morning,

Just checking in on the can situation. Have the black ones been returned and accepted by the vendor? What will be this additional cost to get the green cans?

Thanks,  
Carrie

Good Morning,

After discussing with the Councilman, we wish to proceed with sending the black ones back and proceeding with the green cans. Our only sticking point is the additional fees associated with doing this. Below, you will see my original e-mail, requesting green cans, and in our conversations and meeting on site, it has always been green cans. While I do not know exactly where the breakdown was, we do not believe that District 10 should absorb this additional cost.

Please let us know how this will proceed.

Thanks,

Ms. Peers,

My name is Darrell Pryor. Jennifer Birge has left All Recreation and I have been tasked to service all accounts in KY. I appreciate the opportunity to quote these products and get any additional information you would like. I will get that proposal to you as quickly as possible. The only information I need is the bill to and ship to addresses? Please feel free to call or email me with any other questions. Thank you very much.

Sincerely,

Good Morning,

I received your contact info from Martha Berner from Louisville Metro Parks. I am with Louisville Metro Council. Our district is interested in purchasing the round green garbage cans that are currently utilized in Emerson Garden Park. Below is the information Ms. Berner supplied me about the cans they ordered. I was hoping to get some more and updated information from you, as well as a quote for eight of these.

Manufacturer: DuMor  
Item No.: 84-32  
Color: Green (not Hunter Green)  
Description: 32- Gallon All-Steel Receptacle
