Neighborhood Place Community Councils

Recipient: **Louisville Metro Public Health and Wellness (LMPHW)**

Letter: **Greetings,**

Keep Louisville south end WIC Clinics Open

Comments

Name	Location	Date	Comment
Kerri Massey	Louisville, KY	2015-06-21	This Neighborhood Place needs to continue WIC services. Please sign, and if you have any questions ask away. If I do not have the answer, I will find it for you.
Kerri Massey	Louisville, KY	2015-06-21	I see the families, who are also parents of my students, using the facility to receive important and needed assistance. Considering strong efforts have been put in place to increase the health of the local families, losing support of WIC would be a hit against the school and community. This neighborhood place is within a close proximity to the intake center for all Jefferson County Public School ELL students, who often do not have transportation around town. Please sign and support the families served by staffs of the Neighborhood Place and Hazelwood Elementary School.
Diane Herrick	Mt Washington, KY	2015-06-21	It makes no sense to make WIC benefits harder to access for those with limited mobility.
Patricia Shaw	Fairdale, KY	2015-06-21	I am concerned about the inconvenience and hardships that closing neighborhood sites will cause families with lack of easy access to transportation. Surely, our Health Department can do better.
Laura Escobar-Ratliff	Louisville, KY	2015-06-21	These services are desperately needed in this area. they need to be accessible to people here,
Erlene Grise-Owens	Hillsdale, MI	2015-06-21	its the right thing to do!
Jenny Padgett	Louisville, KY	2015-06-21	The children need our help!
Lyn Outland	Louisville, KY	2015-06-21	There is limited travel for most women using this program and if you drop it in the south end it will be difficult to get to appointments.
Kathy Neagle	Fairdale, KY	2015-06-21	Every thing is being taking away from the ones who really needs help.
Nancy Shannon	Louisville, KY	2015-06-21	I believe these women in the south end need this facility and don't need to drive or take a bus to a place so far from their homes.
Malcolm Byrd	Crestwood, KY	2015-06-21	I recognize the number of people this centers serves and I realize the hardship it would cause them to travel to other centers.
Brandy Baugh	Louisville, KY	2015-06-22	I don't want to see people go without!
Heather Blake	Louisville, KY	2015-06-22	This program is very important
Yvonne Riggs	Louisville, KY	2015-06-22	Please keep WIC available to women and children. Please support our future.
Sister Karen Kuenzig	Louisville, KY	2015-06-22	Save this program! I teach, many of my kids are hungry! THIS MATTERS!!!!
Gretchen Sheridan	La Grange, KY	2015-06-22	People need this program in that area. Many of them cannot help the situations they are in and for those, keeping the clinics is vital.
Erin Carson	Louisville, KY	2015-06-22	This is an invaluable service to parents. Transportation will be a huge issue for many paretns if you close these locations.
Angela Boone	Louisville, KY	2015-06-22	Woman and children matter. This is a program that works.
Larry Michalczyk	Louisville, KY	2015-06-22	As a compassionate community, we cannot add to the heavy cost of being poor by causing pregnant women, infants and children to travel up to 13 miles outside their neighborhoods to receive WIC services. This decision needs to be reversed and services maintained in Fairdale and South Louisville Neighborhood Place locations and in Middletown.
Elizabeth Logsdon	Louisville, KY	2015-06-22	As a RN I know this would place a great burden for many individuals in the South End.

Name	Location	Date	Comment
Megan Vasut	Louisville, KY	2015-06-22	Having worked in this area for several years, I am familiar with both the nutritional and transportation difficulties of this population. WIC is an important program, and having access to it is extremely important for these families. Also, unlike other government facilities, the Iroquois Neighborhood Place staff is friendly, helpful, involved in community schools, and provide specialized services specific to this community.
Barbara Muir-Kissel	Louisville, KY	2015-06-22	This service is drastically needed in this community! Are you kidding me!!!!
Diana Jester	Louisville, KY	2015-06-22	All these program sites are important and necessary for the clients they serve. These people need the assistance that these WIC sites provide. Let's keep Louisville a "Compassionate City" and look out for those in need.
Lisa Barrett	Lawrenceburg, KY	2015-06-22	Children need food and I'm tired of the talk without action our country seems to be caught up in.
krista campisano	Sellersburg, IN	2015-06-22	WIC sites should NOT be closed. Too important to our young children and moms!
Lynetta Mathis	Louisville, KY	2015-06-22	Creating more barriers for an already struggling and vulnerable community may produce the same result as providing no services to this community. Please rethink think this decision. Do not make access to basic human needs more difficult.
Mike Henney	Louisville, KY	2015-06-22	I believe this is a trulu critical service in this neighborhood especially.
Janet Masterson	Louisville, KY	2015-06-22	A critical support for young children and their families that must be maintained in our community!
Margaret French	Louisville, KY	2015-06-22	Helping others is the right thing to do.
Theresa Emert	Louisville, KY	2015-06-22	Theresa L. Emert
Lauren Claypool	Louisville, KY	2015-06-22	In my job as a FRC Coordinator, at Cane Run Elementary, I have know a lot of mothers and their children who depend upon this program. Cane Run Elementary serves families in the Southwest area. A lot of the families are headed by single parent moms. Please do not take this resource away from this community who often times are below the Federal Government poverty level.
shalecha benford	Louisville, KY	2015-06-22	I'm singing because this center is in walking distance for me, it would be hard to get to the other centers cause I don't have a car
Charles L. Baker	Louisville, KY	2015-06-22	Mothers need access to food - even if they're not rich!
Melanie Robinson	Louisville, KY	2015-06-22	Neighborhood Place is important to the well being of our children. Surely we can find ways to cut the budget in areas that will not hurt poor children!
Elizabeth Stith	Louisville, KY	2015-06-22	WIC is an important and very cost effective program but access is very important for it to work well.
George Lee, Jr.	Louisville, KY	2015-06-22	Because its the right and human thing to do..
Sallye Pence	Louisville, KY	2015-06-22	I am worried about the loss of service for the families I work with in South Louisville. They already have a lot of barriers and making the site further away is unnecessary. Let's work together as a community to find a creative way to keep the South Jeff and South Louisville sites open
Rylan Truman	Louisville, KY	2015-06-22	I work with refugees in Louisville and know that there are many in the South End who depend on this service.
Christina Powell	Louisville, KY	2015-06-22	I think this service, and the information they give you, is important to have in this end of town
Patrick Englert	Louisville, KY	2015-06-22	I believe that WIC should be accessible to all neighborhoods.

Name	Location	Date	Comment
Jacquelyn Cole	Louisville, KY	2015-06-22	I understand the necessity of these clinics remaining open for those who have to access services.
Amy Swann	Louisville, KY	2015-06-22	Many, many of the dispersed clients will be unable to get to their new clinic location, resulting in hungry and less healthy children.
DeWayne Westmoreland	Louisville, KY	2015-06-22	Accessibility to the WIC Nutrition sites should not be made more difficult by the elimination of two of the current sites. Having systems in place to facilitate ensuring nutritional health should not be considered an option, but a necessity.
Margaret Pennington	Louisville, KY	2015-06-22	The loss in geographic accessibility of the WIC clinics is likely to undermine the health of some of the community's most vulnerable infants and children. The preventive nature of these clinics should make them a priority for continuation.
DRU KEMP	Louisville, KY	2015-06-22	I am concerned about the impact on infant health. We know that nutrition is so critical.
larry elliott	Louisville, KY	2015-06-23	It is the right thing to do.
Albert Hall	Louisville, KY	2015-06-23	I'm signing because I want to ensure that all residents of Louisville enjoy a level of dignity and quality of life, without stigma or fear.
Chris Davis	Fairdale, KY	2015-06-23	We need them to stay open!!!!!!
Kathryn Martinez	Lexington, KY	2015-06-23	These women and children need proper nutrition.
Mark Woodring	Nicholasville, KY	2015-06-23	Politicians need to stop waging a war on poor people, and should start standing up to defend them far more often... which is what they're elected to do in the first place.
Patricia Recktenwald	Louisville, KY	2015-06-23	Having WIC assessable to those who need it is what is best for those in need.
Christie Hartlage	Louisville, KY	2015-06-23	It's the right thing to do. Everyone needs health care.
V. Mayfield	Louisville, KY	2015-06-23	to show my support for women and children in our community.
Barbara Fischer	Louisville, KY	2015-06-23	There is a desperate need for these programs in the locations they were intended for.
Helen Deines	Louisville, KY	2015-06-23	I support life for all children, especially vulnerable families.
