PLAINTIFF'S MOTION IN RESPONSE  
TO JUDGE DAVID HALE'S ILLEGAL DISMISSAL

Comes the Plaintiff, Connie Marshall and files this Motion in Response to Judge David Hale's illegal dismissal of her cases. The evidence of the corruption in this case is so overwhelming that the only logical explanation for Judge Hale's dismissal of Plaintiff's case is that he has accepted bribes from Defendant(s) in this case. Therefore Plaintiff accuses Judge Hale of accepting illegal bribes from the Defendant(s). Due to the fact that Judge Hale is aiding and abetting the commission of crimes against Plaintiff, he must immediately recuse himself from the case and vacate all orders he has filed in this case. The Plaintiff also states that she will be filing charges and liens against Judge Hale for his crimes and also will be filing a lawsuit against him and all other parties involved in the outrageous corruption that has occurred against her. Judge Hale has no authority to dismiss Plaintiff's case. Ms. Marshall also states that Federal and State laws are being broken by Judge Hale as he is also electronically assaulting her and controlling her thoughts.
