Thanks, Steve.

Jasmine - please initiate a CIF transfer of \$23,009 to Public Works for Conversion of 95 Bardstown Rd Streetlights to LED. (The balance \$19k is already in the budget as CDF).

Jeff - we've got and are good for the money, so please expedite as you can. Thanks!

Brandon Coan

Good catch Brandon. Disregard that last page. I had added that page because Jeffrey wanted me to add the light at Brownstown and Gardiner. After I did, I discovered that light had already been changed out with a 400w LED. Lights 96, 97 & 98 on that page are just duplicates of 93, 94 and 95 on the previous page.

Attached is a revised map with the last page deleted.

Thanks
Steve Hannah

EXTERNAL email. STOP and THINK before responding, clicking on links, or opening attachments.

Thanks, Steve. My only question is the map indicates 99 lights and the "invoice" mentions 95 - if you can just reconcile this seeming discrepancy then my office will move all money as necessary to expedite this project as quickly as possible.

Councilman Coan,
Attached is a map showing the lights approved by Metro to be converted to LED in your district along Bardstown Rd. All of them will be converted to 250w equivalent LED's, except for the ones with stars next to them which will be converted to 400w equivalent LED's per Metro's request.

Also attached is the total cost for the monthly conversion fee of each of the lights for 60 months.

Let me know if you have any questions.

Thanks

STEVE HANNAH
