Applicant's Development Plan

Elevations

Elevations

Staff Finding

- Rezoning is generally compliant with Plan 2040 with the proposed binding element from the applicant
- C-1 is a more intensive zoning district than required for the proposed use and more intensive than appropriate for the location. Proposed binding element addresses this.
- Waiver not adequately justified
- Issues raised at LD&T = C-1 zoning district requested, hours of operation & lighting, ROW dedication/cross section on plan

Staff Finding

- Issues raised at the last Planning Commission discussion:
 - Headlights going into house across the street
 - Hours of operation (applicant agreed to 8 AM to 10 PM)
 - Permitted uses (restaurant with outdoor alcohol sales?) vs. C-N zoning
 - Façade that faces westbound Westport Road (east side of building)
 - Location in neighborhood

Applicant Binding Elements

- The applicant shall screen any mechanical equipment on the east side of the proposed building through the use of a fence, landscaping, or combination thereof, as approved by the Louisville Metro Planning Staff as part of the required landscape plan.
- The applicant shall provide, at its expense, a planting screen in the front yard of the property located at 916 Fountain Avenue if so requested by the owner of said property.

Required Actions

- **RECOMMEND** that the Louisville Metro Council **APPROVE** or **DENY** the **Change-in-Zoning** from R-5 to C-1
- **APPROVE** or **DENY** the **Waiver**
- **APPROVE** or **DENY** the **Detailed District Development Plan with Binding Elements**
