

Attendance Sheet and Summary of the meeting

On October 7th I had a virtual neighborhood meeting on WebEx at 7:00 p.m. – 7:10 p.m. to discuss our need of having a walk-in community resource outreach in the Portland community.

We are a community in need of resources to help get back on track.

I live in this community and see the need for mental health resources, I see the need for drug abuse resources etc.

I have been serving my community in the streets since 2017 and now want to make a walk-in resource center available to them.

Nobody attended the meeting, so I concluded the meeting.

Thanks, Rebecca Luttrell
