GENERAL PROVISIONS**

- A. The Chief Financial Officer may increase any project, authorized by this ordinance, by five percent through the transfer of funds not required in another project or projects in this ordinance or other prior annual Louisville Metro, City of Louisville and Jefferson County Fiscal Court Capital Budget ordinances, unless those funds were originally appropriated from a Council Member's Capital Infrastructure Fund or Republican Pooled Unallocated CIF for projects added to the Mayor's Recommended Budget by the Metro Council.
- B. In the event non-city receipts or match monies are received in greater amounts than those listed for any project herein, those additional funds may be authorized for expenditure for the specific project, only with the authorization of the Chief Financial Officer and approval of the Mayor; overall project scope shall not significantly change without Metro Council approval.
- C. Upon project completion, as determined by the Chief Financial Officer, any unexpended funds shall lapse to the fund from which they were appropriated; however, all unused allocations from Capital Infrastructure Fund projects shall be returned to the Council Member's unallocated Capital Infrastructure Fund or Republican Pooled Unallocated CIF.
- D. The funds collected pursuant to Ordinance 66, Series 2006 pertaining to the System Development Charges for Roadways shall be transferred from the Capital Cumulative Reserve Fund in an amount up to \$1,164,385.36, if sufficient revenue is recognized in order to transfer that amount, into the Debt Service Reserve Fund for net debt service payments representing a pro-rata amount of the \$104,525,000 of bond principal issued pursuant to Ordinance 168, Series 2009. Funds collected in excess of the annual debt service shall be restricted for future bond or road development in accordance with the System Development Charge Ordinance. System Development Charges collected, matching Louisville Metro funds, and/or bond proceeds shall be spent on improvements to designated public roadways within the Transportation Benefit Districts in approximate proportion to the funds collected by Zone.
- E. For the Louisville Metro Police Department, funding adjustments from Federal and State Forfeiture Funds shall become eligible to be budgeted within the Federal and State Forfeiture Projects contained herein, respectively, upon appropriate recognition of the revenue.
- F. Funding provided to Public Works & Assets as follows may be budgeted for expenditure in Fiscal Year 2014-2015 as it is received and for the purpose specified: from Homeowner Association matching receipts to Council Capital Infrastructure Funds for the installation of speed humps; as part of a Binding Elements Agreement or Performance Land Development compliance related to land use and development; and Developer receipts for sidewalk construction as a fee-in-lieu in accordance with Council District direction.
- G. For the Office of Management & Budget, funding adjustments from the Administrative Office of the Courts (AOC) shall become eligible to be budgeted upon notification of funding provided by the AOC.

- H. All questions which arise in interpreting any appropriation in this ordinance as to the purpose and manner for which each appropriation may be expended shall be decided by the Chief Financial Officer in accordance with policy intentions as considered and approved by the Metro Council as reflected in the Capital Budget Document project narrative. Overall project scope shall not be significantly changed without Metro Council approval.
- I. All proceeds from the sale of real property declared surplus by the Metro Council shall be subject to appropriation by the Metro Council for capital project purposes. This ordinance contains no assumption of surplus real property sales.
- J. Contracts - Appropriations in the Fiscal Year 2014-15 capital budget that will go to fund professional service and non-competitively negotiated contracts, which are intended to be awarded by the Metro Government and which require an expenditure exceeding the small purchase amount in KRS 45A.385 in such fiscal year, shall be submitted to the Council in the form of a resolution for its approval. Appropriations in the Fiscal Year 2014-2015 capital budget that will go to fund Metro Government contracts of a fixed price, cost, cost plus a fixed fee or incentive type, which are intended to be awarded per KRS 45A.343 through 45A.460, and not awarded to the lowest evaluated bid, and which require an annual expenditure of over \$100,000 in such fiscal year, shall be submitted to the Council in the form of a resolution for its approval.

Further, the executive branch will provide a master plan to the Metro Council for bicycle lanes and facilities throughout the USD and will commit to hold public meetings, and notify the affected council members, prior to any additional work to paint or restrict automobile driving lanes for bicycle lanes in the Urban Services District (USD). Finally, the executive branch will provide bicycle usage metrics on Kentucky and Breckinridge Streets from 7 am to 9 am and 3 pm to 6 pm for each day in any one week period prior to August 31, 2014.

The intent of this provision is to obtain from the executive branch input for possible legislation toward identifying bicycles ridden by adults on streets designated exclusively for bicycle use.
