SCHEDULE B

INSURANCE REQUIREMENTS

Prior to award of contract and commencing work, the Contractor shall obtain at its own cost and expense the following types of insurance through insurance companies licensed in the State of Kentucky. Insurance written by non-admitted carriers will also be considered acceptable, in accordance with Kentucky Insurance Law (KRS 304.10-040). The Contractor shall not commence work under this Contract until all insurance required under the Contract Document has been obtained and until copies of policies or certificates thereof are submitted to the Division of Purchasing and approved by the Louisville/Jefferson County Metro Government's Risk Management Division. The Contractor shall not allow any subcontractor to commence work until the insurance required of such subcontractor has been obtained and copies of Certificates of Insurance retained by the Contractor evidencing proof of coverages.

Without limiting Contractor's indemnification requirements, it is agreed that Contractor shall maintain in force at all times during the performance of this agreement the following policy or policies of insurance covering its operations, and require subcontractors, if subcontracting is authorized, to procure and maintain these same policies until final acceptance of the work by the Louisville/Jefferson County Metro Government (Metro). Metro may require Contractor to supply proof of subcontractor's insurance via Certificates of Insurance, or at Metro's option, actual copies of policies.

- A. The insurance to be procured and maintained and **minimum** Limits of Liability shall be as follows, unless different limits are specified by addendum to the contract (and such minimum limits shall not limit access to the full amount of insurance available (whether through primary, excess or umbrella policies) on the contractors or subcontractors policy(ies), if that/those policy(ies) provide for Limits above the minimum):
1. **COMMERCIAL GENERAL LIABILITY**, via the Occurrence Form – Primary, non-contributory, with a **\$1,000,000** Combined Single Limit for any one Occurrence and **\$2,000,000** aggregate for Bodily Injury, Personal Injury and Property Damage, and Products/Completed Operations including:
 - a. Premises - Operations Coverage
 - b. Products and Completed Operations
 - c. Contractual Liability

III. ACCEPTABILITY OF INSURERS

Insurance is to be placed with Insurance Companies with an A. M. Best Rating of no less than "A- VI", unless proper financial information relating to the Company is submitted to and approved by Metro's Risk Management Division.

IV. MISCELLANEOUS

The Contractor shall procure and maintain insurance policies as described herein and for which the Purchasing Division shall be furnished Certificates of Insurance upon the execution of the Contract. The Certificates shall include the name and address of the person executing the Certificate of Insurance as well as the person's signature. If policies expire before the completion of the Contract, renewal Certificates of Insurance shall be furnished to Metro at least 15 days prior to the expiration of any policy(s).

- D. CANCELLATION OR MATERIAL CHANGE OF COVERAGE: Contractor shall notify Metro's Risk Management Division of any policy cancellation within two business days of its receipt of same. Upon any material change (changes that reduce/restrict limit or terms and conditions to your insurance coverage) in coverage as required above, Contractor shall notify Metro's Risk Management Division within two business days. If Contractor fails to notify Metro as required by this Agreement, Contractor agrees that such failure shall be a breach of this Agreement. Metro reserves the right to require the insurance policy(s) required above to be specifically endorsed to provide notice of cancellation and/or material change of coverage in accordance with policy provisions. When requested by the Metro Government, a copy of the policy endorsement shall be provided to Metro's Risk Management Division.**
- E. Approval of the insurance by Metro shall not in any way relieve or decrease the liability of the Contractor hereunder.
