Subject: SR# 5112151 - Sidewalk Estimate for missing sidewalk gap at 6813 Outer Loop

CM Peden / John,

Please find below the estimate for filling in the gap at 6813 Outer Loop. The gap presumably exists because they apparently used this spot as a secondary access point to their property (years ago?) due to the evidence of the cross drain pipe in front of the spot. I contacted KYTC D5 and asked if they would have a problem with us removing the pipe and regrading for the road side ditch between the road and the sidewalk. They were ok with that as long as the current property owner signed off on it. This can happen within the D5 permit application.

The cost estimate for the above mentioned work would be **\$5,000.00**. This would include filling in the gap of the sidewalk with new concrete sidewalk, removal of the old entrance pipe, re-grading the ditch, seeding & protection and a contingency for anything unforeseen. I would have to submit for a R/W Encroachment Permit from KYTC D5 to this work.

If you have any questions regarding anything related to this work, please don't hesitate to contact me.

Thanks,

Steve Kurowsky, PE
