MEMORANDUM

To: Sheryl Powell
Director, Purchasing

From: Tiffany Smith 
Director, Parking Authority of River City

Re: CTR Systems, Inc. Sole Source Request

I hereby request that CTR Systems, Inc. be designated as a Sole Source of revenue parking equipment and maintenance for the fiscal year 2015.

This vendor provides a specialized product or service which is limited in availability since it is the only licensed and authorized provider and servicer of the Parking Authority facilities' revenue equipment in the Eastern United States. Thus, the vendor is the only supplier within the geographic area which can meet the needs of the Parking Authority. As such, I believe that Sole Source status should be granted to this vendor. Please find the additional documentation attached as support for the "Sole Source" designation.

Thank you.

Insurance written by non-admitted carriers will also be considered acceptable, in accordance with Kentucky Insurance Law (KRS 304.10-040). Workers' Compensation written through qualified group self-insurance programs in accordance with Kentucky Revised Statutes (KRS 342.350) will also be acceptable. CTR shall not commence work under this Contract until all insurance required under the Contract Document has been obtained and until copies of policies or certificates thereof are submitted to and approved by the Louisville/Jefferson County Metro Government's Purchasing Division, (who may request review by Louisville/Jefferson County Metro Government's Risk Management Division). CTR shall not allow any subcontractor to commence work until the insurance required of such subcontractor has been obtained and copies of Certificates of Insurance retained by CTR evidencing proof of coverages.

Without limiting CTR's indemnification requirements, it is agreed that CTR shall maintain in force at all times during the performance of this agreement the following policy or policies of insurance covering its operations, and require subcontractors, if subcontracting is authorized, to procure and maintain these same policies until final acceptance of the work by the Louisville/Jefferson County Metro Government. The Louisville/Jefferson County Metro Government may require CTR to supply proof of subcontractor's insurance via Certificates of Insurance, or at Louisville/Jefferson County Metro Government's option, actual copies of policies.

A. The following clause shall be added to CTR's (and approved subcontractors) Commercial General Liability Policies:

1. "The Louisville/Jefferson County Metro Government, its elected and appointed officials, employees, agents and successors are added as an "Additional Insured" as respects operations of the Named Insured performed relative to the contract."

B. The insurance to be procured and maintained and minimum Limits of Liability shall be as follows, unless different limits are specified by addendum to the contract (and such minimum limits shall not limit access to the full amount of insurance available (whether through primary, excess or umbrella policies) on the contractors or subcontractors policy(ies), if that/those policy(ies) provide for Limits above the minimum):

1. **COMMERCIAL GENERAL LIABILITY**, via the Occurrence Form, with a **\$1,000,000** Combined Single Limit for any one Occurrence and **\$2,000,000** aggregate for Bodily Injury, Personal Injury and Property Damage, and Products/Completed Operations including:

- a. Premises - Operations Coverage
- b. Products and Completed Operations
- c. Contractual Liability
- d. Broad Form Property Damage
- e. Independent Contractors Protective Liability
- f. Personal Injury

2. CTR shall purchase and maintain at their own expense a **PROFESSIONAL LIABILITY (Errors and Omissions Liability)** insurance policy, which includes a **minimum** limit of liability of **\$1,000,000** for each Wrongful Act. In the event that CTR's policy is written on a "Claims Made" Form, CTR shall, after work has been completed, furnish evidence that the liability coverage has been maintained for at least one year after completion of work, either by submitting renewal policies with a Retroactive Date of not later than the date work commenced under this contract, or by evidence that CTR has purchased an Extended Reporting Period Endorsement that will apply to any and all claims arising from work performed under this contract.

3. **WORKERS' COMPENSATION** (if applicable) insuring the employers' obligations under Kentucky Revised Statutes Chapter 342 at Statutory Limits, and **EMPLOYERS' LIABILITY - \$100,000** Each Accident/**\$500,000** Disease - Policy Limit/**\$100,000** Disease - Each Employee.

III. ACCEPTABILITY OF INSURERS

Insurance is to be placed with Insurance Companies with an A. M. Best Rating of no less than "A- VI", unless proper financial information relating to the Company is submitted to and approved by the Louisville/Jefferson County Metro Government's Risk Management Division.

IV. MISCELLANEOUS

A. CTR shall procure and maintain insurance policies as described herein and for which the Louisville/Jefferson County Metro Government shall be furnished Certificates of Insurance upon the execution of the Contract. The Certificates shall include provisions stating that the policies may not be cancelled without the Louisville/Jefferson County Metro Government having been provided at

least (30) thirty days written notice. The Certificates shall include the name and address of the person executing the Certificate of Insurance as well as the person's signature. If policies expire before the completion of the Contract, renewal Certificates of Insurance shall be furnished to the Louisville/Jefferson County Metro Government Purchasing Division before the expiration date.

- B. Certificates of Insurance as required above shall be furnished to:

Louisville/Jefferson County Metro Government
Office of Management and Budget
Risk Management Division
611 West Jefferson Street
Louisville, Kentucky 40202

- C. CTR agrees that it will not materially alter any of the insurance policies currently in force and relied on under this agreement. Further, CTR will not reduce any coverage amount below the limits required in this agreement
- D. Approval of the insurance by the Louisville/Jefferson County Metro Government shall not in any way relieve or decrease the liability of CTR hereunder. It is expressly understood that the Louisville/Jefferson County Metro Government does not in any way represent that the specified Limits of Liability or coverage or policy forms are sufficient or adequate to protect the interest or liabilities of CTR.

Note: In order to create 2 exit lanes at the existing Cashier Exit on 6th St:
Option 1 - Recess Pay In Lane at existing cashier wall/window; Mount Reader/intercom on Pedestal with protective Bollards within about a 1 foot width allowing 2 10' drive lanes. (The measurement is about 21') Recess monthly lease only gate in opposite wall.
Option 2 - Replace the Cashier Station with a Pay in Lane as described above but do not create a monthly lease only exit lane. CTR feels this is the least desirable option because monthly lease customers will be slowed down behind transient parkers using the Pay in Lane.
