**Subject:** Cherokee Alley

CM Owen,

Public Works has fielded various complaints in regards to the alley between Cherokee Rd and Everett Ave running from Highland Ave and Grinstead Dr. This alley is comprised of pavers and due to being in a historic district, must be repaired with pavers. Upon our review Public Works estimates that the repair work will be above \$20,000.00. We would like to ask if it would be acceptable for District 8 to request the use of \$10,000.00 alley match dollars to complete this repair work (Maximum you can request is \$10,000.00 is my understanding). Public works will contribute the remaining funds necessary to make the repairs needed.

Please be advised that this work will strictly be repair work and we will not be taking up all pavers. In addition, ADA ramps will NOT be updated in part of this repair work.

If you could let me know if this will be acceptable and when you may be able to ask for the appropriation, that would be great.

Thanks,

**Matthew R. Haines, PE**
