WHEREAS, the Contractor has been determined by the Metro Government to have the necessary experience, expertise and qualifications to provide those services,

NOW, THEREFORE, it is agreed by and between the parties hereto as follows:

1. For all work it intends to be performed under this Contract, the Metro Government shall, in writing, request a quotation from the Contractor describing in sufficient detail the work to be performed. Contractor shall submit quotations on the "Louisville Metro Project

Form" attached hereto and fully incorporated herein as Attachment A.

2. The Metro Government shall provide the Contractor a date and time by which the Contractor shall return the quotation to the Metro Government. All quotations received after this date and time shall be considered nonresponsive and shall not be considered.
3. Contractor acknowledges and agrees that the Metro Government shall solicit quotations from all other contractors who have executed a contract, identical in form to this Contract, with the Metro Government for maintenance, renovation and repair work.
4. The Metro Government, if it decides to award the work to anyone at all, shall award the work to the lowest quotation, after review of all quotations received from contractors who have executed contracts, identical in form to this Contract, for repair, renovation and maintenance work. Nothing obligates the Metro Government to award any work hereunder, even after the Metro Government has requested a quotation.
5. Contractor shall comply with terms of Attachment B attached hereto and fully incorporated herein.

II. FEES AND COMPENSATION

C. Contractor, to the extent that it provides the same or related services to other parties agrees to pro-rate its billings to the Metro Government which are of benefit

to the other parties and to provide documentation to all parties to verify the pro-ration of such billings. In no event will the Metro Government pay bills which are considered to be double billing (i.e. billing two different parties for the same work).

III. DURATION

A. This Agreement shall begin April 1, 2019 and shall continue through and including March 31, 2020.

B. This Agreement may be terminated by submitting thirty (30) days' written notice to the non-terminating party of such intent to terminate. This Agreement may also be terminated by any party, without notice to the non-terminating party, because of fraud, misappropriation, embezzlement or malfeasance or a party's failure to perform the duties required under this Agreement. A waiver by either party of a breach of this Agreement shall not operate or be construed as a waiver of any subsequent breach.

C. In the event of termination, payment for services complete up to and including date of termination shall be based upon work completed at the rates identified in this Agreement. In the event that, during the term of this Agreement, the Metro Council fails to appropriate funds for the payment of the Metro Government's obligations under this Agreement, the Metro Government's rights and obligations herein shall terminate on the last day for which an appropriation has been made. The Metro Government shall deliver notice to Contractor of any such non-appropriation not later than 30 days after the Metro Government has knowledge that the appropriation has not been made.

1. SCOPE:

- 1.1. Louisville Metro Government (Metro) is soliciting bids from General Contractors, herein after referred to as the "Contractor", to provide new installations, repairs, maintenance and small scope renovations in and on various properties owned, operated, or controlled by Metro.
- 1.2. This Professional Service Contract (PSC) will allow Metro to contract with the awarded General Contractors on an ongoing basis as project needs arise. Individual projects awarded against the Professional Service Contract will not exceed \$50,000 per project unless authorized by Metro Purchasing. The contract will be in place for one year. Multiple separate PSC's will be awarded by Louisville Metro. The total maximum (non-guaranteed) value of each awarded contract is \$600,000.00. All of the successful awardees will be required to respond to each bid request; either by bidding the project or choosing not to participate in each project undertaken by Louisville Metro. A response to each bid is required or the PSC will be canceled. Projects awarded to the successful bidder will be based on the lowest price submitted that fully meets the project requirements. Metro reserves the right to award to another fully responsive bidder if the lowest bid submitted does not meet the project requirements.
- 1.3. All payments made by Metro will be based on the standard net 30-day policy. Contractors will not be paid in advance for any materials or labor. Payments will only be made based on materials received and completed in-place work.
- 1.4. The contract will be in place for one year with the option for both parties to renew. Metro Government may renew contracts for a period of one (1) year and from year to year thereafter, upon the same terms and conditions as the original contract, if such renewal or extension is agreed to by the Contractor. Total contract period cannot exceed five (5) years. Metro may procure same or similar services through alternate purchasing methods at any time, if deemed to be in Metro's best interest.
- 1.5. Building repair, maintenance and renovation work is intended for solicitation of Not-To-Exceed proposals for the Contractor to provide materials, labor and equipment for repairs, maintenance and renovations. This includes but not limited to general framing; gypsum board work; acoustical ceiling work; flooring; concrete work and other such general construction type of work necessary for all Metro Facilities. All work shall be installed by workers who are certified in writing as qualified to construct the systems indicated herein.

this work. All off site work must be noted in the proposal submitted to the Metro Project Manager prior to commencement of any work.

If the Contractor does not bid on 5 on projects during the course of the contract period, the Contractor will not be allowed to bid on any future projects during this Contract period and the Contract will not be renewed.
- 2.2. The Contractor shall provide information delineating its workforce that will work on Metro projects. This work force shall be of a quantity that can perform numerous concurrent projects throughout Louisville Metro and shall have the necessary expertise and capable supervision to carry out the work in an efficient, correct and timely manner that meets the needs of Louisville Metro.

- 2.4. Metro reserves the right and privilege to suspend the PSC if a contractor demonstrates that they cannot perform the work as bid or the results of their work is unsatisfactory based on the reviews provided by the Project Manager. If there are three (3) unsatisfactory reviews for any project performed by a Contractor, the underperforming Contractor may not be allowed to bid any future work and the PSC will be suspended. Metro will provide to the Contractors a review after each project to inform the Contractor their performance of work noting acceptable and unacceptable performance.
