Kyle,

The cost estimate comes to \$19,696.30 to purchase and install (4) driver feedback signs to be installed along Payne St.

If you are still going to be in the area photos would help. If you have already been out there, no worries, I can use street view and then field verify.

If CM Hollander's office decides they would like to move forward with this project Public Works is willing to accept this funding for the project.

Thanks,

Stuart
