### Proposed 2021 Redistricting Maps

Attachments: [Presentation for 10-21-21.pdf](#)

Jeff Noble, Legislative Aide for District 26, gave a presentation (attached hereto).

The following also spoke to this item:

- Chair Winkler
- Vice Chair Piagentini
- Council Member George
- Council President James
- Hollie Hopkins, Jefferson County Attorney's Office
- Council Member Arthur
- Committee Member Green
- Jeff Derouen, Jefferson County Attorney's Office
- Council Member McCraney
- Council Member Blackwell

The following was discussed:

- Detailed maps are on the Metro Council's webpage at <https://louisvilleky.gov/government/metro-council/redistricting-information>
- Next meeting on Wednesday, October 27, 2021 at 5:00 p.m. will include a public comment session
- Form available to provide feedback regarding Redistricting at <https://louisvilleky.gov/government/metro-council/redistricting-information>
- Possibly scheduling additional special meetings to get this passed in November
- Maps received and reviewed by Council Members
- Adjusting the map to achieve particular goals
- Tried to avoid splitting voting precincts, but sometimes it was necessary to achieve other goals
- Time does not allow for the Council to do a road show to get community feedback because the pandemic delayed the receipt of the Census data
- Feedback from public comments and the comment forms will be reviewed and possible changes will be considered
- Compact schedule provides very limited amount of time to engage in feedback before it is voted on
- Concern about formal neighborhood associations being split between two Districts and needing to understand the impact of such
- Per the Jefferson County Attorney's Office review in conjunction with Gerald Hebert, a national expert on Redistricting, the maps meet all three legal standards, which include the following:
  - One Person, One Vote Standard -- the Districts stay within a 10 percent overall deviation from the ideal district, though the Council has actually stayed within a 5 percent deviation either direction
  - Federal Voting Rights Standard -- minority voting strength is not diluted, there are still five majority Black voting Districts and one crossover District (District 6)
  - Compactness and Contiguity Requirements per state law -- the core

Districts from last year are still represented

- The Redistricting aligns with the recommendations from Public Health and Wellness
- Majority and minority representation
- Crossover District means that the minority voters' preferred candidate is able to be elected, and a legal challenge would consider the Citizen Voting Age population and historical voting patterns
- Whether there were six Black Districts after the Redistricting ten years ago - may be the case regarding population in the Districts, but that is not considered for the legal analysis so courts would have viewed District 6 as a crossover District ten years ago as well

## Adjournment

Chair Winkler adjourned the meeting at 6:11 p.m.
