**Subject:** FW: Request for all accidents between 16010 and 16418 US60 (Shelbyville Rd.) for the last 24 months.

State Representative Miller,

Here are the numbers you requested. If a street is missing in the associated area, it is because there were no accidents. Also, this reflects a 24 month period.

If you need any further assistance, please do not hesitate to ask.

Officer David Hamblin  
8<sup>th</sup> Division Resource Officer

**Subject:** RE: Request for all accidents between 16010 and 16418 US60 (Shelbyville Rd.) for the last 24 months.

Officer Hamlin,

Our tech staff doesn't have any special reporting tools to do this, but showed me how to run it on my search program. I had to first run the 16000 block of Shelbyville Rd (10-48, 10-49 and 10-50 individually), then run each of the intersections separately. In the case of multiple runs, you have a list, but if there was only one, I had to save the individual CAD sheet. The totals I got for the entire area for past 2 years were:

10-48—1  
10-49—25  
10-50—7

Total—33

Our tech staff also suggested you try LMPDs E-Crash program. (I am not familiar with it). Sorry we couldn't do it in one seamless report.

Thanks  
Mitch

**Subject:** Request for all accidents between 16010 and 16418 US60 (Shelbyville Rd.) for the last 24 months.

Mr. Mitchell,

Thank you for your help regarding this matter.

We are requesting any and all traffic accidents that may have occurred between 16010 and 16418 US60 (Shelbyville Rd.) for the last 24 months. The intersections in this .60 mile stretch include US60 at Johnson Rd., US60 at Eastwood Cut Off Rd., US60 at Rockcrest Way, US60 at Eastwood Fisherville, and US60 at Highland Ave. Please see the associated link and thank you again for your help in this matter as time is on the essence.

Officer David Hamblin
