Hi Kyle,

Sorry for the late response.

Cost of a 2" caliper shade tree (red oak, red maple, london planetree , etc.), installed in that spot will cost approximately \$250.00.

We will first need to get a signed copy from the property owner of the Division of Community Forestry planting permit. If you give me their name and address I can fill out all of the planting info and mail it to them. In the permit it stipulates they are responsible for watering the tree the first 3 years.

Thanks,

John Backert

Any updates on cost estimate? We'd love to get it in soon.

Thanks!
