

Planning Commission Staff Report

December 15, 2016

Case No:	15area1004
Request:	Area-wide Change in Zoning for the Portland Neighborhood
Project Name:	Portland Area-Wide Re-Zoning
Location:	Multiple properties in the Portland Neighborhood
Owner:	Multiple Owners
Applicant:	Louisville Metro
Representative:	Louisville Metro
Jurisdiction:	Louisville Metro
Council District:	5-Cheri Bryant-Hamilton
Case Manager:	Julia Williams, RLA (IN), AICP, Planning Supervisor

REQUEST

- Area-wide change in zoning for multiple properties in the Portland Neighborhood

CASE SUMMARY/BACKGROUND/SITE CONTEXT

On February 28th, 2008, the Louisville Metro Council adopted the Portland Neighborhood Plan. The plan was the product of 3 years of work and significant neighborhood participation to develop the adopted recommendations. One of the primary purposes of developing the plan was to recommend or reaffirm zoning district designations throughout the neighborhood that will promote compatibility of use and form with the Plan's vision. This vision reflects a desire by the neighborhood to protect the affordable and architecturally distinct homes and traditional character of residential, commercial, and institutional development. Another issue the plan addressed was how to prevent future incompatible development and demolition of buildings, especially in areas of consistent character and compatible use and scale of the property. Within this proposed area wide rezoning, many of the proposals serve to protect the single family residential nature of many properties in Portland. The proposal affects 3,647 parcels.

This plan included:

- 1 Land Use / Community Form recommendation.

On February 12, 2015, a resolution was adopted by Louisville Metro Council, sponsored by Councilwoman Cheri Bryant-Hamilton, requesting the Louisville Metro Planning Commission to hold a public hearing and make recommendations to the Louisville Metro Council for reclassification of certain zoning districts specified in one of the Land Use / Community Form recommendations of the Portland Neighborhood Plan (Resolution 134, Series 2008). The recommendation mentioned in the resolution is listed here.

Number	Recommendation
LU-2	Conduct a zoning study to identify properties current properties zoned R-6 and R-5A that have a current small lot residential pattern. Those properties identified shall be rezoned to UN Urban Neighborhood, to better reflect the small lot single family residential pattern. Exclude existing large lot residential properties from any rezoning to the UN district. Allow future multi-family residential development on a case by case basis under the Planned Development Option only if the development is in accordance with the Portland Pattern Book to ensure compatibility.

On October 12, 13, and 19, 2016, staff held informational meetings for affected property owners at the Portland Presbyterian Church. The purpose of the meeting was to inform property owners of the proposed changes, and to get them involved at the early stages of the process.

Louisville Metro's Land Development Code uses a two tiered approach to zoning. The zoning districts listed in the Land Development Code govern permitted and conditional uses, and density/intensity standards. The form district regulations are used in conjunction with the zoning district regulations, and set forth site design standards to provide a pattern or rhythm of development within each form district. Therefore, changes to zoning districts mainly affect the uses permitted on the property, as well as the density and intensity of development permitted.

INTERESTED PARTY COMMENTS

No formal comments have been received.

APPLICABLE PLANS AND POLICIES

Cornerstone 2020
Portland Neighborhood Plan (2/2008)

STANDARD OF REVIEW FOR REZONING

Criteria for granting the proposed form district change/rezoning: KRS Chapter 100.213

1. The proposed form district/rezoning change complies with the applicable guidelines and policies Cornerstone 2020; OR
2. The existing form district/zoning classification is inappropriate and the proposed classification is appropriate; OR
3. There have been major changes of an economic, physical, or social nature within the area involved which were not anticipated in Cornerstone 2020 which have substantially altered the basic character of the area.

STAFF ANALYSIS FOR REZONING

WHEREAS, the Planning Commission finds that the area wide rezoning complies with the applicable guidelines and policies of Cornerstone 2020.

WHEREAS, the Planning Commission further finds that the area wide rezoning complies with Guideline 1, Community Form of Cornerstone 2020. The area wide rezoning will ensure that new development will be designed to be compatible with the scale and form of existing development in the neighborhood, as well as with the pattern of existing uses. The neighborhood is comprised of predominantly residential uses and a grid pattern of streets, alleys and sidewalks.

WHEREAS, the Planning Commission further finds that the area wide rezoning complies with Guideline 2, Centers of Cornerstone 2020. The area wide rezoning will promote an efficient use of land and investment in existing infrastructure. The area wide rezoning will promote new single family residential development to take place in and around the neighborhood. The area wide rezoning will encourage vitality and a sense of place in the neighborhood.

WHEREAS, the Planning Commission further finds that the area wide rezoning complies with Guideline 3, Compatibility of Cornerstone 2020. The area wide rezoning will encourage maintenance of existing single family residential as well as promote new single family residential on existing vacant parcels. The area wide rezoning will encourage single family residential development to take place in and around the neighborhood. For the reasons stated above, the area wide rezoning will preserve the character of the existing neighborhood.

WHEREAS, the Planning Commission further finds that the area wide rezoning complies with Guideline 5, Natural Areas and Scenic and Historic Resources. The area wide rezoning will help preserve this historically single family residential neighborhood.

WHEREAS, the Planning Commission further finds that the area wide rezoning complies with Guideline 6, Economic Growth and Sustainability. The area wide rezoning will encourage maintenance of existing single family residential as well as promote new single family residential on existing vacant parcels where existing infrastructure is adequate to support these uses.

WHEREAS, the Planning Commission further finds that the area wide rezoning complies with Guideline 14, Infrastructure. The area wide rezoning will encourage effective and appropriate connections between land use patterns and supporting infrastructure.

WHEREAS, the Planning Commission further finds that based on the reasons stated above, or otherwise stated in the staff report, and as depicted in the maps presented at the Planning Commission public hearing, the area wide rezoning complies with all other Guidelines and Policies of Cornerstone 2020.

WHEREAS, the Planning Commission further finds that the existing zoning classification is inappropriate and the proposed zoning classification is appropriate. The area wide rezoning will ensure that new development will be designed to be compatible with the scale and form of existing development in the neighborhood, as well as with the pattern of existing uses. The neighborhood is comprised of predominantly residential uses and a grid pattern of streets, alleys and sidewalks. The area wide rezoning will encourage maintenance of existing single family residential as well as promote new single family residential on existing vacant parcels.

STAFF CONCLUSIONS

Staff analysis finds that the area wide rezoning complies with all applicable Guidelines ad Policies of Cornerstone 2020, and that the existing zoning classification is inappropriate and the proposed zoning classifications are appropriate.

3,647 properties were considered under this area wide rezoning as well as the corrective zoning for an M-2 property that was left out of a prior area-wide

Required Actions

Based upon the information in the staff report, the testimony and evidence provided at the public hearing, the Planning Commission **RECOMMENDS** to the legislative council of Louisville Metro government that the change in zoning as described in the staff report and maps presented at the Planning Commission public hearing, be **APPROVED or DENIED**

NOTIFICATION

3. Corrective Zoning for an M-2 property that was left out of prior area-wide

In February 2016 Metro Council approved the area-wide change in zoning that “right” zoned existing M-2 properties. While the property in question was shown on the zoning map, the parcel id was inadvertently not included in the list of properties to be rezoned. The property is indicated in light blue on the following map:

The parcel ID for the site is 010B-0107-0000 and the owner is Mary E. Jones. The property owner was notified of both the LD&T and Planning Commission meetings.

The proposal is for the site to be rezoned from M-2 to CM to match the other properties that were rezoned back in February. Mary E. Jones is identified as the property owner of the other associated CM parcels in the area.

Land Use Recommendation 3 states, "Conduct a zoning study of properties zoned M-2 to determine existing use and recommend appropriate zoning based on the current use of the property and the ability for future mixed-use redevelopment. After completion of the study, conduct an area-wide rezoning to reflect the results of the zoning study."

This property falls under Land Use Recommendation 3 from the Portland Neighborhood Plan.
