Louisville, KY 40202

Dear,

This letter of explanation will confirm our expressed desires to open a foster child care group home. The home is zoned now as R5. Under KRS chapter a foster child care group home can be approved as with the use of a conditional use permit (CUP).

In keeping with the Jacobs Neighborhood Small Area Plan, this foster child care group home will outsource medical and educational services off site which will allow the neighborhood to remain unaffected by this home. Signs, advertising, or other designating criteria will not be posted on the property or vehicles so that the balance and appearance of the residential neighborhood will not be disturbed, resulting in a harmonious environment for all that live nearby.

If there is a need for further information, feel free to contact me at your convenience.

Best Regards,

Sincerely,

Michael McCloud, CEO
