Case No:	21-DDP-0116
Project Name:	Sunshine Concrete
Location:	13905 Aiken Rd
Owner(s):	Otte Family Limited Partnership
Applicant:	Damon Garrett – Sunshine Builders
Jurisdiction:	Louisville Metro
Council District:	19 – Anthony Piagentini
Case Manager:	Jay Lockett, AICP, Planner II

REQUESTS:

- **Revised Detailed District Development Plan with Binding Elements**

CASE SUMMARY/BACKGROUND

The applicant is proposing to construct a concrete plant on approximately 5.4 acres within the M-3 zoning district. The subject site is located in the Suburban Workplace form district in eastern Louisville Metro. The proposed tract is a portion of a larger tract that is formerly a quarry site rezoned under 9-62-82. The quarry site has an existing Conditional Use Permit to permit filling of the quarry, most recently modified under dockets 15CUP1019 and 15DEVPLAN1051. This proposal does not impact the filling or quarry operations on site.

STAFF FINDINGS

The district development plan is adequately justified and meets the standard of review. The proposed use is consistent with other development in the area.

TECHNICAL REVIEW

Public Works and MSD have provided preliminary approval.

INTERESTED PARTY COMMENTS

Staff has received no comments from interested parties concerning this proposal.

STANDARD OF REVIEW AND STAFF ANALYSIS FOR RDDDP and AMENDMENT TO BINDING ELEMENTS

- (a) The conservation of natural resources on the property proposed for development, including: trees and other living vegetation, steep slopes, water courses, flood plains, soils, air quality, scenic views, and historic sites;

STAFF: There do not appear to be any environmental constraints or historic resources on the subject site. Portions of the parent tract is a former quarry that is in the process of being filled. Tree canopy requirements of the Land Development Code will be provided on the subject site.

- (b) The provisions for safe and efficient vehicular and pedestrian transportation both within the development and the community;

STAFF: Provisions for safe and efficient vehicular and pedestrian transportation within and around the development and the community has been provided, and Metro Public Works has approved the preliminary development plan.

- (c) The provision of sufficient open space (scenic and recreational) to meet the needs of the proposed development;

STAFF: There are no open space requirements pertinent to the current proposal.

- (d) The provision of adequate drainage facilities on the subject site in order to prevent drainage problems from occurring on the subject site or within the community;

STAFF: The Metropolitan Sewer District has approved the preliminary development plan and will ensure the provision of adequate drainage facilities on the subject site in order to prevent drainage problems from occurring on the subject site or within the community.

- (e) The compatibility of the overall site design (location of buildings, parking lots, screening, landscaping) and land use or uses with the existing and projected future development of the area;

STAFF: The overall site design and land uses are compatible with the existing and future development of the area. Appropriate landscape buffering and screening will be provided to screen adjacent properties and roadways. Buildings and parking lots will meet all required setbacks.

- (f) Conformance of the development plan with the Comprehensive Plan and Land Development Code. Revised plan certain development plans shall be evaluated for conformance with the non-residential and mixed-use intent of the form districts and comprehensive plan.

STAFF: The development plan conforms to applicable guidelines and policies of the Comprehensive Plan and to requirements of the Land Development Code.

REQUIRED ACTIONS:

- **APPROVE** or **DENY** the **Revised Detailed Development Plan** with Binding Elements

3. Proposed Binding Elements

1. Zoning Map

2. Aerial Photograph

3. Proposed Binding Elements

The Conditions of Approval per 15CUP1019 remain in effect for the quarry and filling operations on the residual site.

All General Plan binding elements approved under 9-62-82 are applicable to the site in addition to the following:

1. The development shall be in accordance with the approved district development plan, all applicable sections of the Land Development Code (LDC) and agreed upon binding elements unless amended pursuant to the Land Development Code. Any changes/additions/alterations of any binding element(s) shall be submitted to the Planning Commission or the Planning Commission's designee for review and approval; any changes/additions/alterations not so referred shall not be valid.
2. No outdoor advertising signs, small freestanding signs, pennants, balloons, or banners shall be permitted on the site.
3. Construction fencing shall be erected when off-site trees or tree canopy exists within 3' of a common property line. Fencing shall be in place prior to any grading or construction to protect the existing root systems from compaction. The fencing shall enclose the entire area beneath the tree canopy and shall remain in place until all construction is completed. No parking, material storage or construction activities are permitted within the protected area.
4. Before any permit (including but not limited to building, parking lot, change of use, site disturbance, alteration permit or demolition permit) is requested:
 - a. The development plan must receive full construction approval from Construction Review, Louisville Metro Public Works and the Metropolitan Sewer District.
 - b. A minor subdivision plat or legal instrument shall be recorded creating the lot lines as shown on the development plan. A copy of the recorded instrument shall be submitted to the Division of Planning and Design Services prior to obtaining a building permit.
 - c. The property owner/developer must obtain approval of a detailed plan for screening (buffering/landscaping) as described in Chapter 10 prior to requesting a building permit. Such plan shall be implemented prior to occupancy of the site and shall be maintained thereafter.
 - d. An access easement agreement in a form acceptable to the Planning Commission legal counsel shall be created to allow access to the site as shown. A copy of the recorded instrument shall be submitted to the Division of Planning and Design Services prior to obtaining a building permit.
5. A certificate of occupancy must be received from the appropriate code enforcement department prior to occupancy of the structure or land for the proposed use. All binding elements requiring action and approval must be implemented prior to requesting issuance of the certificate of occupancy, unless specifically waived by the Planning Commission.
6. The applicant, developer, or property owner shall provide copies of these binding elements to tenants, purchasers, contractors, subcontractors and other parties engaged in development of this site and shall advise them of the content of these binding elements. These binding elements shall run with the land and the owner of the property and occupant of the property shall at all times be responsible for compliance with these binding elements. At all times during development of the

site, the applicant and developer, their heirs, successors; and assignees, contractors, subcontractors, and other parties engaged in development of the site, shall be responsible for compliance with these binding elements
