Since no money has been spent out of the two old accounts, it is better to have a formal action with the Appropriations Committee. So, they will be rescinded at the next meeting. That will be sent to Oscar who will reverse the original entries. So, no, I am not requesting you return them (yet).

Chanelle, please put the following two CIFs on the next Appropriations committee meeting. In following up on old CIF project, it was discovered these 2 projects have not been done. District 4 would like to rescind both requests and they may fund new estimates in the future with MAP.

\$2,000 CIF111611PW04A sidewalk repair at intersection of S. 20th St and Esquire Alley
--

\$900 CIF052010PW04 1034 Caldwell sidewalk repair

Thank you,

City Agency Request

Louisville Metro Council
City Agency Request

Neighborhood Development Fund
 Capital Infrastructure Fund

By: David W. Tandy
Council Member

Date 11/4/11

Amount: \$ 2000.00

For (include public purpose): Funding is to assist in covering the costs for sidewalk repairs at the intersection of S. 20th Street and Esquire Alley. This sidewalk has suffered major damage from neighboring trees and prevents safe pedestrian or wheelchair travel.

Location: Sidewalk near intersection of S. 20th Street and Esquire Alley

City Agency: Public Works

Contact Person: Jeremy Raney

Agency Address: 444 South 5th Street, Louisville, KY

Agency Phone: 502-574-6785

I have reviewed this request for an expenditure of city tax dollars, and have determined that the funds will be used for a public purpose.

Understood – who would be the agency contact for the \$2,000 interagency appropriation?

If you will get the appropriations underway, we will assign this to our annual contractor as soon as it has passed. Public Works will accept these funds to complete the project as described below.

Mr. Raney and Mr. Pullen,

I have spoken to Councilman Tandy about the sidewalk at issue below. Understanding the estimate to be \$2000.00, Councilman Tandy is fine with utilizing CIF funds to cover the costs of repair. Please advise as to what needs to be done at this point to move the project forward.

Thank you for your assistance as always,

Charles Booker, Jr.
Legislative Aide

Mr. Booker, the tree which is causing the sidewalk issue will be removed used CDBG funding. Our estimate to replace the sidewalk is \$2,000.

Jeremy, this tree is in decline and needs to be removed. It was sent to Joe Clayton for removal on 5-5-11 under the CDBG contract.

Gentlemen, please take a look at this area and get back to me with an estimate. Mark do you think the tree will survive if we replace the sidewalk?

John, try to get the estimate to me by Wednesday afternoon.

Ted,

I just wanted to follow up on this as well. It appears that Rob put in a request for an estimate for this sidewalk repair in May of 2010. Would you please assist me in this matter? I explained to the constituent that the sidewalk is primarily the owner's responsibility and that the owner could seek a permit to remove the tree breaking up the sidewalk. However, if this is something Councilman Tandy could assist with I would like to see what the repairs would cost.

I appreciate your advice on this matter!

Metro Call

Please forward the following complaint to the appropriate metro department.

Location: Close to the intersection of S. 20th Street and Esquire Alley. Directly in front of the rear parking lot of GC Williams Funeral Home and beside 7th Day Adventist Church facing 20th Street.

Problem: Sidewalk is totally ruined and not conducive to pedestrian or wheelchair travel. There is also a dying tree that has probably cracked the sidewalk.

Request: Repair the small section of the sidewalk and remove the dangerous limbs of the tree.

See attached pictures. Thanks
