Chris,

No I have not contacted the constituent, but I was saying that would be the gist I would give. It would be more in terms of, "you can contact your council rep to see if they may have funding available to help expedite the request since our

backlog is still addressing concerns reported in 2018.” Do you want to contact him back or want me to reach out to him?

In terms of a quick estimate, \$1250.00 to repair.

Thanks,

Dear Ms. Parker,

I submitted a request to Metro 311 for sidewalk repair well over 2 years ago. They rated the damage a 4 out of 5, and said they would put in a work order. I have been patiently waiting for the repair. The busted sidewalk area has caused people to trip and we have young children riding bikes over it as well. I paid over \$23,000.00 in taxes to the state of Kentucky and Louisville Metro Revenue Commission this year and this is the first time I've requested services. I would greatly appreciate it if you could please help us with this matter.

Thank you for any assistance you can give.
