Brianna,

I don't think I sent this cost estimate to you but the streetlight for Drescher Bridge would be \$1,049.40 for the 5-Year LGE lease

EXTERNAL email. STOP and THINK before responding, clicking on links, or opening attachments.

Michael,

I need to get a cost estimate for a new pole and streetlight on Drescher Bridge, near the point I marked in yellow on the map below. This will probably be a Type A on a wood pole if that option is available.

\$Bcw!&(BRepaint with markings the pedestrian walkway on both sides of Hite Avenue between Cleveland Blvd. and Lindsay Ave – I sent this one to our Signs & Markings division for refreshing instead of Council funded.

\$Bcw!&(BLight needed at Drescher Bridge Brightside Park - very dark at night – There is an existing utility pole on the west side of Drescher Bridge, opposite side as the park, which would cost \$7.69/month which would be \$461.40 for the 5-Year lease. To install a light at the park would require a pole so the cost would be \$33.89/month which would be \$2,033.40 for the 5-Year lease but it would better light the park.

\$Bcw!&(BLight needed on Mt. Holly at Bil Jana Drive – There is an existing LED streetlight at this intersection but there are limbs blocking the light. Checking with LGE to remove limbs to improve the lighting.
