Subject: Zone change meeting 9808 hillock drive

Laura,

Hello, I hope you are well. I wanted to reach out to you regarding the planning meeting on the property adjacent to mine. I just received this notice that was postmarked 12/11 for a meeting at 1:00 tomorrow. I am going to attempt to rearrange my schedule to be there as this zone change could have a significant impact on my business and financial holdings.

How can I be informed of any further meetings in a more timely fashion?

I am extremely busy tomorrow and it is difficult and might be impossible to make such an important meeting to me.

Can someone send me the proposal, as I would like to see it prior to the meeting?

There just isn't enough notice to physically drive to metro planning and get it.

Sincerely,
Rhonda Hatfield

Carolyn Beon -> Opposed

• Safety, traffic concerns (Hillock + Old Bardston Rd)

• Too many car washes in the area

• Notice was not adequate
