Subject: resurfacing

Andrew,

I believe we have talked before about some possible resurfacing projects in District 17. Specifically, Nansemond Drive (from Murphy Lane to Pacelli Place) and Blossom Lane (from Langdon Drive to Hurstbourne Parkway) were the two projects you suggested based on their ratings. These projects would cost \$33,000 and \$90,000 respectively if I remember correctly. Would you please confirm this information is correct?

Thank you for all your help.

Councilman Blackwell,

We have a CIF request we were hoping to get working on involving resurfacing two of the lowest-rated roads in our district. Would it be at all possible to include this on the upcoming Appropriations agenda? I am sorry to ask and very much appreciate your consideration.

You may recall you have a CIF for resurfacing two roads in our district for a total of \$123,000. The only thing we are lacking is your signature. Would you give me permission to sign that specific request on your behalf?
