

Vision Russell

TRANSFORMATION PLAN EXECUTIVE SUMMARY

Louisville, Kentucky

Submitted by **Louisville Metro Housing Authority**
July 2019

Vision Statement

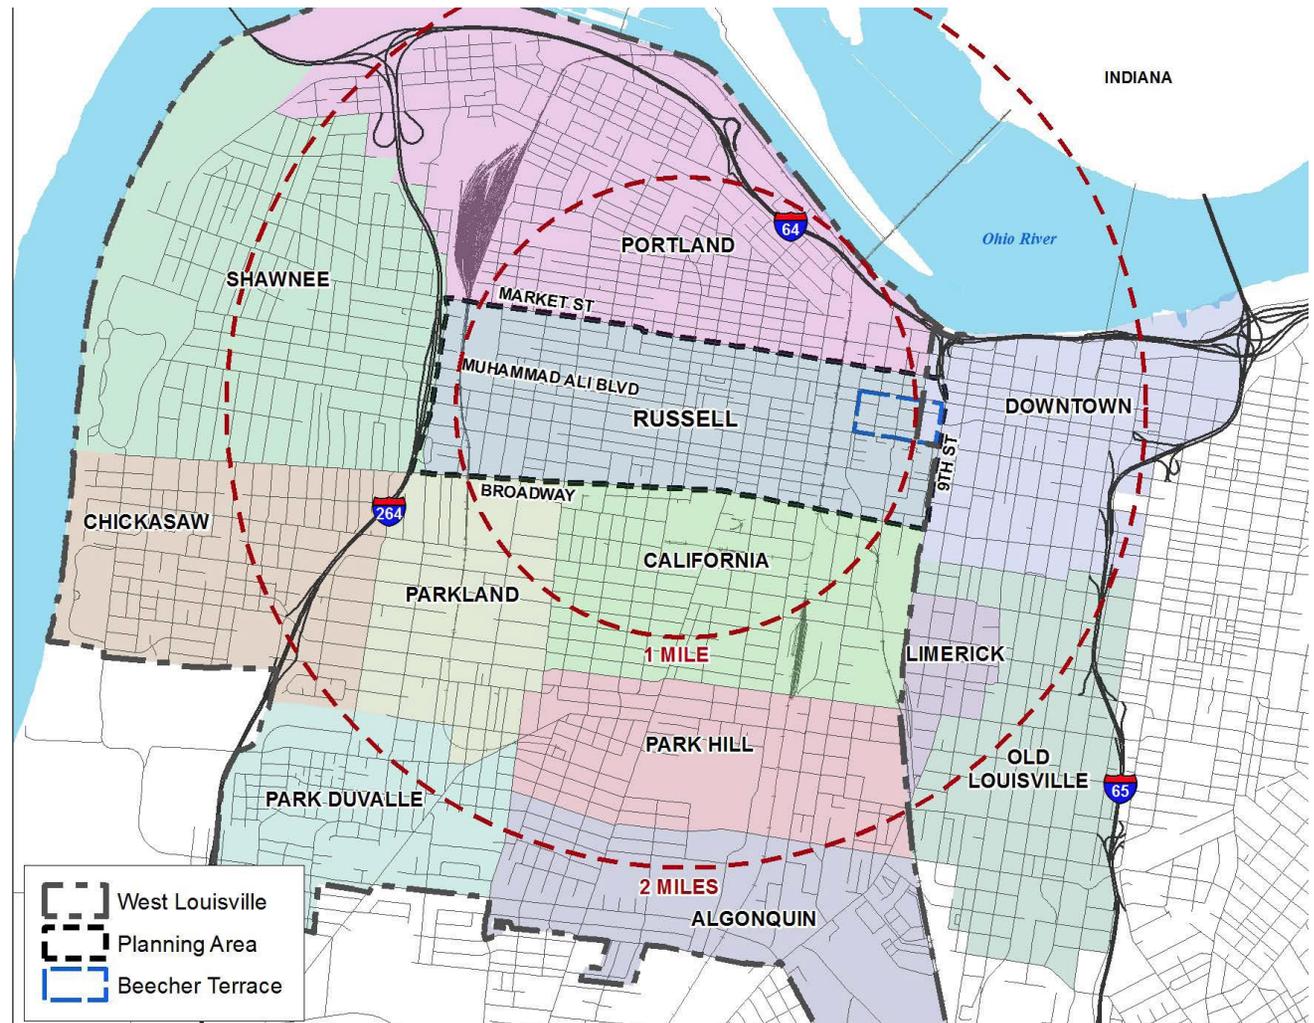

Attractive, accessible, and culturally-vibrant, Russell is recognized for its diversity, multitude of economic, educational, and housing opportunities, and sustainable residential and business environment—all of it rooted in Russell's unique history as the heart of Louisville's African-American community. Creativity, innovation, and sustainable investments are welcome here, making Russell an appealing place to live, work, worship, and celebrate.

Context

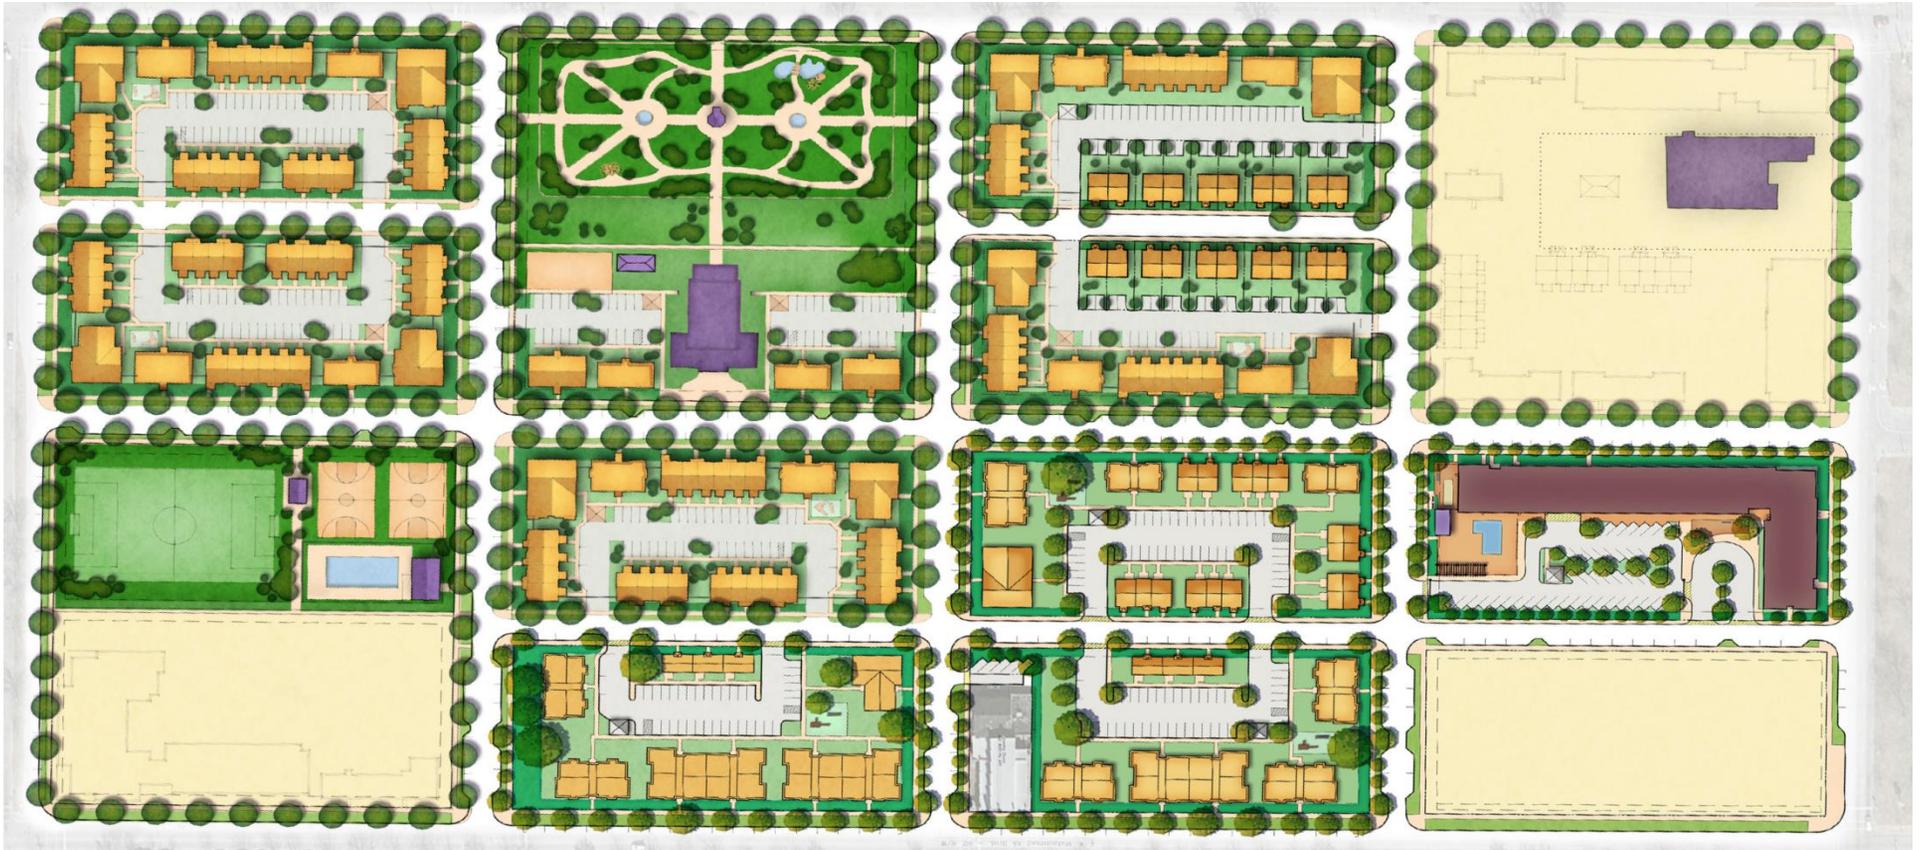

Russell, with a population of nearly 4,000 households, is one of nine neighborhoods that make up West Louisville. Once a vibrant, thriving and economically and racially diverse neighborhood, Russell today is largely an African American community with high levels of poverty and disinvestment. But signs of change are everywhere. Recognizing its importance to the health and vitality of the entire city, the Louisville Metro Government recently designated Russell as a priority focus area for concerted efforts to counter decades of disinvestment. New investments, both private and public, are evident and the community and its stakeholders have come together to articulate a vision and a plan to build upon this momentum. The Russell neighborhood is 1.4 square miles and well-situated within Louisville: it is immediately west of downtown and has easy access to I-64 and I-264 as well as multiple bus transit routes. Its location is an important asset for current residents and is a strength to build upon when considering strategies for neighborhood improvement. A Russell neighborhood association is in the process of being formed in partnership with the Center for Neighborhoods.

Community Engagement

The planning process engaged a diverse group of stakeholders who actively participated in the development of this Transformation Plan which is the Roadmap for Russell's future. Outreach and engagement activities took place via a formal planning structure shown in the following

diagram, as well as a variety of other methods: meetings with Beecher Terrace residents and the broader community, stakeholder interviews, focus groups, resident, neighborhood and business and community surveys, kitchen conversations, design workshops, photo documentary, site visits and tours, a dedicated website, newsletters, outreach to clergy and religious institutions, and outreach workers who canvassed the neighborhood, among others. Community feedback has consistently supported the need for a comprehensive transformation of Russell that will create a neighborhood of choice and opportunity that will encourage existing families to stay, and new families to move to the neighborhood, and improve the quality of life, safety, accessibility, and economic conditions for everyone. Overall, more than 80 public meetings took place over the course of this two-year planning process, which began with the award of the HUD Choice Neighborhood Grant in January of 2015.

This site plan for the future Beecher Terrace Redevelopment shows the finalized plan to reconnect the street grid and the latest conceptual siting of buildings.

Priorities and Goals

Summary Table

<i>Priority</i>	<i>Goal</i>
A: Improve education outcomes for children.	
	A.1: Russell children enter kindergarten ready to learn.
	A.2: Russell school age children are proficient in core academic subjects, and graduate high school college- or career-ready.
B: Improve health and safety.	
	B.1: Residents enjoy good health and a strong sense of well-being.
	B.2: Russell's built environment supports health and safety.
C: Create strong retail/service centers and expand economic opportunity for all.	
	C.1: Russell residents are financially secure.
	C.2: Existing Russell businesses are encouraged to stay and grow, and new commercial activities are drawn to the area to further stimulate growth.
D: Increase the availability of high quality, mixed-income housing.	
	D.1: Beecher Terrace Replacement housing is located in vibrant, sustainable, mixed-income communities that serve as catalysts for new investment.
	D.2: Russell offers a variety of high-quality, affordable, market-rate homeownership and rental housing opportunities.
E: Improve Community Connectivity	
	E.1: Russell residents are engaged in their community, civic life, and connected to resources.
	E.2: Residents have safe and convenient multi-modal transportation options to access services, amenities, and jobs.
	E.3: Russell residents have the skills, tools, and ability to access and use modern technology and the internet.
