Dear Secretary Gill:

PACCAR, Inc. is requesting Kentucky Business Investment Act and Kentucky Enterprise Initiative Act inducements by the Kentucky Economic Development Finance Authority Board.

PACCAR, Inc., an auto and truck parts manufacturer, is making significant investment as the first tenant in Riverport Phase 5. Louisville Metro supports an occupational tax contribution of 0.5%.

PACCAR, Inc. plans to employ 80 people at their Louisville facility, and we are pleased to see the company provide excellent job opportunities in the advanced manufacturing industry. We look forward to final approval of their application. Thank you for your assistance.

Sincerely,

Greg Fischer
Mayor
